86th Year—28

President Aides Discuss Plans To Help Big Cities

WASHINGTON (AP) — President Nixon called his Urban Affairs Council to another meeting in the White House today as he continued formulating plans to deal with the problems of the nation's cities.

In the first meeting Jan. 23, the eight-man team of Cabinet members and presidential advisers disposed of organizational matters, leaving today's session open to consider substantive issues.

The emphasis on urban and other domestic matters underlined by scheduled visits to the Housing and Urban Development and the Agriculture Department, followed a weekend in which the President spent much time on foreign affairs.

With the explosive Middle East on his mind, Nixon visited with Dwight D. Eisenhower Sunday at Walter Reed Hospital to get the former president's view on the Arab-Israeli crisis.

A member of the Urban Affairs Council, Cabinet officer George Romney, indicated the line his agency will take in trying to cure urban ills.

Romney, secretary of Housing and Urban Development, said he hopes to come up with a program to provide more homes for low-income families.

Concurring with estimates

that 26 million new homes will be needed in the United States over the next decade, Romney, however, said "I don't think the programs that we have at present will achieve these goals." He indicated his agency hopes to come up with new ways to meet the shortage.

Another Council staff mem-

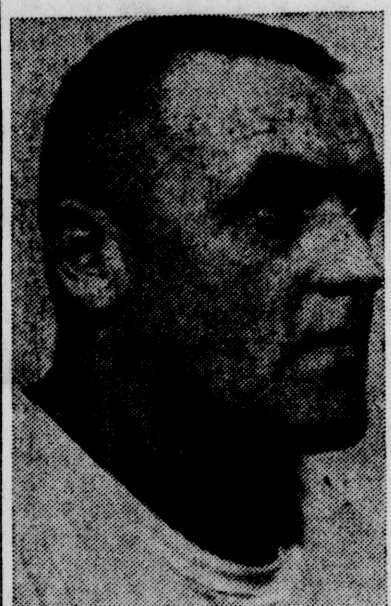

ber, presidential assistant Daniel P. Moynihan, indicated Sunday that welfare payments should continue as a way to help solve urban problems.

Welfare payments should not be considered handouts, he said, but investments that will help make the nation stable, prosperous and happy.

\$1 Million Swindle Trial Under Way

Trial of Thomas Creachbaum, charged with a check swindle involving more than \$1 million, began in Pickaway County Common Pleas Court Monday morning following the seating of a jury and two alternates.

Creachbaum, 32, of Route 2, Greenfield, was secretly indicted Oct. 11, by a Pickaway County Grand Jury on 18 counts of writing worthless checks totaling \$1,238,000.

THOMAS CREACHBAUM

The indictment was the culmination of a 15-month investigation of Creachbaum's complicated financial dealings by the Federal Bureau of Investigation and the Federal Banking Commission.

Jurors hearing the testimony for and against Creachbaum will be Leva Grant, Rodney Davis, Anna Cromley, Bertha Fouch, Raymond Horeh Jr., David Rhoads, Delphine Koch, Helen Dowler, Charles Reed, Roma Troutman, Ida Garrett, Rose McFerron and alternates Nelson Wallesen and Earl Burke.

The indictment charged that Creachbaum, on five different occasions in early 1967, issued 18 checks totaling more than a million with the intent to defraud.

The Columbus Clearing House for bank checks suspected the "cold check" game was in operation between the First National Bank of New Holland and the First National Bank of Sabina.

This is a practice where a person without enough money to cover his outstanding checks.

Hanoi Repeats 5-Point Plan For Viet Peace

PARIS (AP) — The Viet Cong's chief delegate to the Paris peace talks said today the guerrillas would not stop fighting in South Vietnam until the Saigon government and the United States agree to their five-point program for a settlement.

The five points emphasize U.S. troop withdrawal, liquidation of American bases in South Vietnam and settlement of political problems "according to the program of the National Liberation Front."

NLF "Foreign Minister" Tran Buu Kiem made the statement in an interview with the magazine Le Nouvel Observateur.

The next session of the peace talks is scheduled Thursday.

deposits a check on another bank in the hopes, that by keeping the checks flowing through the slowly moving banking channels, none of the accounts will ever come up short.

The Sabina Bank, informed of the suspicions of the Clearing House, stopped payment on all of Creachbaum's checks. This left the New Holland bank with \$272,897.61 in checks it had to make good.

Referendum On De Gaulle Proposals Set

QUIMPER, France (AP) — The French people will vote in another referendum this spring, this time on President Charles de Gaulle's plan to take some power away from his government in Paris and distribute it among regional administrations to be set up.

De Gaulle announced the referendum Sunday near the end of his three-day trip to Brittany, an economically retarded province in the northwest corner of France where a separatist movement is causing trouble. The president did not give a specific date for the vote.

Police arrested 20 persons before and during De Gaulle's speech at Quimper to prevent renewal of the demonstrations that have marred his trip. Before his arrival, more than 40 persons suspected of being members of the Brittany Liberation Front were arrested.

De Gaulle made only one mention of the separatist movement, at the end of his speech: "During this trip I have heard people cry 'Liberate Brittany!' They forget that this was done 25 years ago. We did it with many good Frenchmen, and first of all among them, many Bretons."

Government officials have been studying the reform plan for months. It also includes a constitutional amendment to curtail further the already limited powers of the national senate.

Roundtown

WE don't know what happened to Punxutawney Phil on Sunday, but we do know that Pickaway County groundhogs had a sniff of spring-like temperatures, cast a shadow and hurriedly retreated to their burrows having fulfilled their roles as weather forecasters for the next six-week period. Present weather conditions indicate the annual prognostications were accurate.

PICKAWAY County commissioners were a little surprised at a letter they received this morning from Washington County. It read:

"We are having a problem here in Washington County with our health board con-

Famed Actor Boris Karloff Dies At 81

LONDON (AP) — Boris Karloff, the gentle monster who created Frankenstein in the movies and starred in a host of horror films, died Sunday in a hospital near London.

He was 81, had been an actor for 58 years and made more than 130 movies. He made his debut with a touring company in British Columbia in 1910 and his last movie last year in Britain.

A gentle, courteous Englishman despite the guise he presented in so many films, Karloff and his wife in recent years lived in an apartment in London's Chelsea district and in a cottage near the British capital. Although long a resident of Hollywood, he never gave up his British citizenship and returned to Britain to live in 1959.

He was a polished performer who received critical acclaim for his 1956 Broadway role as a bishop in "The Lark," French playwright Jean Anouilh's saga of Joan of Arc. Karloff called the Broadway role, "the high point of my career as an actor."

Karloff's Hollywood career began in 1919, but it languished until 1931 when he landed the role of Frankenstein's monster.

He played the lumbering tall-browed creature in only three films, but they set the standard for hundreds of movie chills.

His non-Frankenstein roles were in such equally spooky movies as "The Mask of Fu Manchu," "Voodoo Island," "The Body Snatcher," "Isle of the Dead," and "Stranglehold."

Karloff said he was grateful for being typecast for horror films.

"The monster was the best friend I ever had," he once told interviewers. "Certainly I was typed. But what is typing? It is a trade mark, a means which the public recognizes you. Actors work all their lives to achieve that. I got mine with just one picture. It was a blessing."

He was born William Henry Pratt in Dulwich, England, on Nov. 23, 1887.

Train Derails North Of Anna

SIDNEY, Ohio (AP) — About 15 cars of a 75-car Baltimore and Ohio Railroad freight train derailed shortly before daybreak today one mile north of Anna, Shelby County.

The derailment, the cause undetermined, occurred in the middle of the train.

The engines and the cars in the forefront of the train proceeded to Lima.

The cars, including flat cars, were empty.

No one was injured.

Marion Woman Reported Slain

MARION, Ohio (AP) — Phyllis J. McCurdy, 34, was stabbed to death in her home here early today. Police arrested her husband.

An autopsy was scheduled but a coroner's report said death apparently was caused by multiple stab wounds in the neck and chest.

The husband, Dawrin F. McCurdy, 44, was held for investigation pending the filing of a charge.

THE PUEBLO SKIPPER, Cmdr. Lloyd M. Bucher (left), and his legal counsel, Capt. James E. Keys, leave a session of the U.S. Navy's Court of Inquiry in Coronado, Calif.

Committee Work Highlights Ohio Assembly Resumption

COLUMBUS, Ohio (AP) — Several committees of the 18th Ohio General Assembly got down to business this week with hearings scheduled on a variety of proposals.

Chairman Ralph E. Fisher of the House Finance Committee has set two appropriations hear-

ings for Tuesday. Officials of several state agencies, ranging from the treasurer's office to the state library association, are scheduled to testify.

Arguments also will be heard by House committees Tuesday on bills to:

— Change primary election

dates from May to September.

— Change four legal holidays to Mondays.

— Permit Cleveland State University to acquire Cleveland Marshall Law School.

— Remove residency requirements for aid to disabled.

The Senate Judiciary Committee meets tonight after the legislature's opening session to take up several proposals, including one to allow restricted wiretapping.

On Tuesday the Senate Ways and Means Committee is to take up bills that would allow municipalities three years to notify tax delinquents, expand student loan programs, and allow county commissioners to issue bonds for hospital construction.

The Senate Elections, Commerce and Labor Committee Tuesday will hear six bills, including two that would lower the voting age.

Others would establish a third political party, revise statutes concerning write-in candidates in general elections, revise the law on filing petitions with election boards and increase the maximum compensation for precinct officials.

On Wednesday, in the House, hearings are scheduled by the committee on highways and transportation, agriculture and conservation to license racoon hunters, state government, and local government and urban affairs.

In the Senate Wednesday meetings are scheduled by the committees on urban and highway affairs, agriculture and state agencies, education, health and welfare, and the judiciary.

Court Blocks NLRB Move

CINCINNATI (AP) — Attorneys for Armco Steel's Middletown plant and its union petitioned the 6th U. S. Circuit Court of Appeals Thursday in another effort to end an unfair labor practices charge.

As the request was made, U. S. District Court Judge Timothy S. Hogan issued an injunction to stop the National Labor Relations Board from prosecuting a charge against the petitioners.

The dispute concerns use of a bulletin board at Armco. The NLRB first filed a charge in 1963, acting on a complaint by the United Steelworkers, an independent union representing employees there.

The District Court here ruled valid in 1963 a provision in the contract between Armco and its union limiting posting of certain union notices on the board. The ruling was upheld by the Appeals Court.

But the NLRB refilled the charge after signing of a new contract, containing the same bulletin board posting rules.

Great Powers Would Spur Peace Talks

WASHINGTON (AP) — President Nixon has decided to accept a French proposal for early talks among great power representatives at the United Nations on ways to break the deadlock in Middle East peace efforts.

He hopes particularly for parallel action by the Soviet Union. A reply to the Paris government is due to go out this week. It is expected to make clear that while the United States sees hope in consultations with the Soviet Union, Britain and France its primary purpose is to move off dead center the U.N. peace-seeking efforts of Swedish Ambassador Gunnar Jarring.

In a related move, Nixon will send a friendly message to Gamal Abdel Nasser in the near future, replying to a note of congratulation he received from the Egyptian President.

His note will be designed to indicate that if Nasser, as reported, plans to propose resuming diplomatic relations with the United States he will find Nixon responsive.

While the Middle East crisis, and the Vietnam situation have dominated Nixon's foreign policy concerns during his first 10 days in office, he has also set in motion a plan to visit several Western European capitals in the next two months and confer with allied government chiefs.

Diplomatic soundings for the trip have been started, and the White House is due to make an announcement soon on his plans.

Nixon expects to visit Paris, site of the Vietnam peace talks, and meet with President Charles de Gaulle. Other capitals which figure in informed speculation are London, Bonn and Rome.

A meeting with Soviet leaders

British Officer Joins Army— U.S. Army

FT. BENNING, Ga. (AP) — Lt. Col. Peter G. Fleming picked an unorthodox route to Vietnam.

He switched armies. Until midnight Friday, Fleming was an officer in the King's Own Yorkshire Light Infantry, a regiment of the British army.

He retired—for eight hours. Saturday, he was sworn in as a lieutenant colonel in the U.S. Army by Maj. Gen. John M. Wright Jr., commanding general of Ft. Benning, so he can be sent to duty in Vietnam.

Fleming wore an American uniform borrowed from the widow of a friend who died in action in Vietnam. He was then assigned as executive officer of the 197th Light Infantry Brigade at Ft. Benning, until he can be transferred to Vietnam.

Fleming's U.S. commission is temporary. It was arranged after he received some precedent-setting, red-tape-cutting waivers from the British government which took several months.

The waivers remove Fleming from complying with a regulation that commissioned officers wait five years after their retirement from the British Army before they join any other military service.

The 42-year-old officer has served 22 years in the British army—in India, Africa and Southeast Asia. In 1961 he fought guerrillas in Malaysia and Borneo.

National Guard Would Patrol Pen

COLUMBUS, Ohio (AP) — The National Guard will be called in to duty at the Ohio Penitentiary if a threatened strike by guards materializes tonight, a state official said today.

Adj. Gen. S. T. Del Coros said members of the 1st Battalion, 168th Infantry in Columbus, have been alerted for possible duty. The battalion has 80 members.

Snow, Rain Plague Nation

Only Central Plains Clear

By THE ASSOCIATED PRESS

Light rain or drizzle dampened much of the eastern third of the nation Monday while generally light snowfalls slicked highways in parts of the Midwest.

Rain also fell on the western edge of the Pacific Northwest with the moisture turning to snow in scattered parts of Eastern Washington and western Idaho. A sprawling high pressure system brought clear skies to most of the central and western parts of the nation.

The heaviest rain came in showers and thundershowers pushed ahead of a cold front stretching from the Louisiana coast to the central Appalachians. More than an inch of rain doused Lafayette, La., while McComb, Miss., soaked up nearly an inch.

Rain or drizzle was common from the Great Lakes to the Middle Atlantic states and south to the Carolinas.

Snow whitened the ground from Missouri to lower Michigan with one to two inches of new snow covering parts of Michigan by early morning.

A narrow band of snow across central Missouri accompanied by icing conditions snarled traffic in places. A string of accidents Sunday night closed the westbound lanes of busy Interstate 70 between Kansas City and St. Louis.

Sub-zero temperatures chilled the Dakotas and upper Midwest while the Southeast and extreme Southwest enjoyed mild weather and seasonably cool temperatures were common over the remainder of the nation.

Morning temperatures ranged from 19 below at Bismarck, N. D. to 74 at Key West, Fla.

Hayakawa Warns Of Student Revolt

WASHINGTON (AP) — Acting President S. I. Hayakawa of embattled San Francisco State College testified today the current danger to the nation and to higher education demonstrated by student unrest "has been vastly underestimated."

Hayakawa, the linguistic scholar who took over the riot-ridden San Francisco campus eight weeks ago, defended his prompt and massive use of police force—but he also told a House education subcommittee that massive efforts are needed to remove the root causes of some of the student protests.

lost their lives on the final day of the weekend period.

Friday Night
George F. Warren, 19, of Otawa, when a car carrying three youths went out of control and swerved off U.S. 224 west of Findlay.

Saturday
Davis C. Cox, 23, of near Lafayette in Allen County, when his car struck a truck on Slabtown Road a mile north of Interstate 75 in Allen County.

Edwin Johnson Jr., 28, Toledo, when his sports car collided with a car on the Detroit-Toledo Expressway in Toledo and exploded.

Larry D. Shoffner, 16, Covington, in a head-on collision on U.S. 36, about three miles west of Covington in Miami County.

Anthony Naska, 44, Uniontown, in a two car accident on Kilian Road, Springfield Township, Summit County.

Tony Yates, 19, of rural Manchester, in a one car accident near Manchester in Adams Co. His car left Island Creek Road three miles north of U.S. 52 and struck a tree.

Sunday
Florence L. Russell, 42, Bay Village, of injuries received in

a one-car accident on Smith Road, Northampton Township, in Summit County.

Steve Garrison, 18, Peebles in Adams County, in a one-car accident. Three other youths were injured. The accident occurred while the car driven by Billy Joe Garrison, 21, a brother, also of Peebles, was being pursued by Peebles police. Police said the car left the road, hit a fence 74 feet away, flipped end over end and then slid on its top another 90 feet.

Thomas Walton, 27, Cincinnati, in a one-car accident on Roundbottom Road in suburban Newtown in Hamilton County.

Frank Disanto, 61, Brook Park, when he was struck by a car on Eggle Road in Brook Park, a Cleveland suburb.

Samuel McKinney, 23, Cincinnati, driver, and Randy Lewis, 19 Cincinnati his passenger when their car collided with a second car and then hit a van-type truck.

Ernest Cofer 56, Holland, of injuries suffered when he was struck by a car Friday night in Holland, a Toledo suburb.

Charles O'Hara, 34, of Willowick in a two-car crash on the Lakeland Expressway in Euclid.

Couple Takes Wedding Vows As 23 Children Look On

BOSTON (AP) — Mr. and Mrs. Frederick J. O'Donnell are starting their married life with a family of 23 children—and the bridegroom says he wouldn't want it to be any different.

Even the priest was at a loss for words Sunday as O'Donnell, 49, a widower, and Frances Brady, a widow, took their vows with his 13 children and her 10 filling the first two pews.

Stock Market Still Mixed

NEW YORK (AP)—The stock market was mixed early this afternoon, with weakness in industrial blue chips dampening some indicators.

Gains and losses were about equal. An initial advantage for the plus side was whittled away. The Dow Jones industrial average at noon was off 2.12 at 943.93.

Part of the loss in the Dow industrials was due to the fact that some of its components were selling ex dividend, putting the average down 1.40 at the start.

The Associated Press average of 60 stocks at noon was up a minimal .1 at 359.8 with industrials off 1.0, rails up 1.1 and utilities off .2.

On the American Stock Exchange prices were irregularly higher in active trading.

Refuse Extradition Of Wanted Irishman

DUBLIN, Ireland (AP) — The Dublin High Court refused today to extradite a 34-year-old Irishman, Sean Bourke, to Britain to face charges that he helped master spy George Blake escape from a London prison.

Judge Kevin O'Keefe ruled that Bourke's offenses were political and did not come under the terms of Ireland's extradition agreement with Britain.

Seek Attorney General's Probe Of Licavoli Parole

COLUMBUS, Ohio (AP)— A Cincinnati attorney called today for an attorney general's investigation into the reduced prison sentences which made Thomas Licavoli eligible for parole consideration.

Licavoli, has served 35 years of a life sentence imposed for four gangland slayings in Toledo in the early 1930s.

The state Parole Board met today and was expected to grant a request that Licavoli be paroled to Michigan, where his family lives.

Harry H. McIlwain sent the news media a copy of a letter addressed to Atty. Gen. Paul Brown calling for the investigation.

McIlwain, a former legislator, unsuccessfully sought the Democratic nomination for governor or.

McIlwain said he was asking the investigation because: Licavoli was sentenced in four deaths.

The governor's office was quoted as saying the last two state prison wardens recommended his release.

The last two wardens denied making such a recommendation.

The chairman of the state Parole Board resigned last Friday.

There were newspaper reports that Licavoli's brother would pay up to \$1 million for the parole.

Another newspaper reported Licavoli's wife was asked to sign an affidavit that there was no bribe offer or accepted in connection with the case.

"I believe," McIlwain concluded, "that the above enumerated circumstances demand an impartial investigation by you as attorney general of Ohio to clear the air surrounding this case."

Brown said he had not received the letter and could not comment until he studied it.

AMERICANS HELD IN IRAQ—Mr. and Mrs. Paul T. Ball are reported under arrest on spy charges in Iraq. Ball, of Tulsa, Okla., is an engineer on leave from Humble Oil to work for an Iraqi oil company.

Deaths

MR. AMBROSE E. MOUL
Mr. Ambrose E. Moul, 83, of 405 E. Union St., died 8:30 a.m. Sunday at his residence. He was a retired farmer and served for many years as a trustee of Muhlenberg Twp.

Born September 29, 1885 in Ross County, he was the son of Henry and Eliza Haynes Moul.

He was twice married. Both wives, Stella Eva Prindle and Myrtle Blanche Prindle, preceded him in death.

He is survived by a brother, Edward Moul of Chillicothe; two sisters-in-law, Mrs. William Fricce, 903 S. Washington St.; Miss Rosella Prindle, 405 E. Union St.; and several nieces and nephews.

Services will be 2 p.m. Wednesday at Deffenbaugh Funeral Home with Rev. G. H. Niswender officiating. Burial will be in Darbyville Cemetery.

TODAY High Red Chinese Defector Reported To Be In America

By THE ASSOCIATED PRESS
WASHINGTON (AP) — Vice President Spiro T. Agnew has been assigned a special eight passenger Jetstar aircraft—a type used by industrialists and the wealthy—for use at will.

Aides said no other vice president has had his own airplane, although other vice presidents have had regular use of presidential aircraft.

C. Stanley Blair, Agnew's top aide, said the airplane is designated Air Force II and includes a full time pilot.

Aides said the move by the Nixon administration in making the aircraft available directly to the vice president will give Agnew the mobility required to oversee his special work in urban problems.

The aircraft is just one of a number of differences in the new-look vice presidency, according to Blair.

He said the vice president will have a staff on Capitol Hill working as legislative liaison, handling rapport with Congress, handling casework and coordinating other matters involving Agnew and Congress.

WASHINGTON (AP) — John A. Volpe says aviation presents the most serious problems he faces as Secretary of Transportation.

"The air traffic congestion, the lack of capacity at our airports, and all other associated problems" are his department's biggest concern, he said Sunday.

Volpe said the aviation problem is even more critical than that of mass transit.

He said long-range programs—along the lines of the program which is developing the federal highway system—should be used both to build needed airports and to improve mass transit.

Volpe said his department must "come up with a balanced, coordinated transportation program that will meet the needs of all facets of transportation."

He explained: "It has been demonstrated that highways alone will not do the job. I don't believe mass transit alone will do the job."

Volpe was interviewed on the NBC television-radio program "Meet the Press."

WASHINGTON (AP) — Senate Majority Leader Mike Mansfield endorses a proposal to put the Sentinel anti-ballistic missile defense system program in a "deep freeze."

Sen. Edward M. Kennedy, D-Mass., revealed last week he was urging a halt to the proposed "thin" anti-ballistic missile program.

In agreeing with Kennedy, Mansfield said Sunday: "I think the arguments advanced in behalf of the missile defense are pretty thin themselves."

The Montana Democrat said talks should be held first with the Soviet Union in an effort to stop the missile race.

He appeared on the ABC program, "Issues and Answers."

Capital Quote
"We're the only industrial democracy in the world that the last 25 years has allowed the levels of unemployment we have."—Daniel P. Moynihan, White House assistant for urban affairs.

Capital Footnote
Former Sen. Ernest Gruening of Alaska, defeated in the Democratic senatorial primary last year, has rejoined the staff of the magazine "The Nation" as an editorial associate. He was managing editor of the magazine 1920-23 and 1933-34.

Check Forging Case Sent To Grand Jury

Donald Coffey, 500 Stella Ave., was bound to the Grand Jury by Municipal Court Judge Sterling Lamb today on two counts of check forgery.

The charges were filed by Circleville Policeman Wesley Barton. Coffey pleaded not guilty to the charges. Judge Lamb set bond at \$1,500.

Coffey was arrested by police when he returned from Tennessee. His home burned Thursday, causing an estimated \$8,000 damage.

THE HAGUE, Netherlands (AP) — The Red Chinese envoy who defected in the Netherlands is believed to be in the United States.

Dutch officials said Liao Hoshu, who was temporary charge d'affaires in the Hague, was flown to Bonn last week for interrogation by the U.S. Central Intelligence Agency about Chinese spying activities in Western Europe. The Dutch said they expected Liao to be flown to the United States Sunday.

West German officials and U.S. sources in Bonn said Sunday they did not know where Liao was.

Liao, the first Red Chinese diplomat known to have gone over to the West, took refuge with the Dutch on Jan. 24.

In one of his routine visits to the Dutch Foreign Ministry several months ago, Liao indicated he wanted to defect as soon as his wife and children were safely out of China. He told the Dutch he had been ordered home to account for the death in the Hague in 1966 of a Chinese scientist said to have sold a secret nerve gas formula to U.S. agents.

Dutch officials approached Romanian diplomats because they have good contacts in Peking. Two weeks ago at a reception at the Romanian Embassy, Liao learned that his family was safe in Hong Kong.

Dutch Justice Minister C.H.F. Polak is said to have told the parliamentary committee for justice and foreign affairs that Liao "knows an unbelievable lot." The minister said the government did not seek intelligence from Liao because it feared retaliatory measures against the Dutch charge d'affaires in Peking.

The Chinese scientist whose death Peking reportedly wanted Liao to explain was Hsu Tsu-tai, a rocket expert visiting the Netherlands for an industrial congress. He was found injured outside the Chinese Embassy and was taken to a hospital with a fractured skull and spinal injuries. One report said Hsu had been hit by a car, another that he had been thrown out a window.

Chinese agents abducted him from the hospital and took him to the legation where he died on July 16, 1966. Liao participated in the abduction but could not be prosecuted because he had diplomatic immunity. There has been no explanation why Peking waited more than two years before summoning Liao home to report.

Prison Guards Set Strike If Pay Demands Aren't Met

COLUMBUS, Ohio (AP) — State officials were expected to issue a statement today in an effort to avoid a scheduled strike tonight by Ohio Penitentiary guards.

Al Bilik, head of the public employees union's Council 21, said Warden Harold J. Cardwell and Martin A. Janis, director of the state department of mental hygiene and correction, promised at a Sunday night meeting to issue a statement today on the state's position in the dispute.

The meeting was called after Herschel Davenport, president of the union local at the prison, announced Sunday night that the guards had voted to strike at 6 p.m. today if the state takes no action on their wage demands.

Bilik said he and other union officials attending the meeting outlined for Janis and Cardwell the guards' grievances over low salaries, manpower shortage and the fact that they receive no premium pay for overtime.

"We made it quite clear that the employees have had it," he said, "and are quite prepared to take action."

Although Janis and Cardwell acknowledged the seriousness of the situation, they made no specific proposals, Bilik said.

Neither Janis nor Cardwell could be reached for comment. John McElroy, chief aide to Gov. James A. Rhodes, had no comment, indicating he was unaware of the latest developments.

The union has demanded a \$1,500 across-the-board pay raise for state employees and has threatened a strike if it doesn't come. The union represents mostly employees at penal institutions and mental hospitals.

Penitentiary guards have been more militant in their demands than have other state employees and have indicated on several occasions that a strike or mass resignations were in the offing.

Just last Friday, Warden Cardwell predicted mass resignations of guards if a pay raise or promise of one was not forthcoming.

Rhodes' new biennial budget carries no money for an employees' pay increase and the administration has indicated no across-the-board hike is contemplated.

Mainly About People

There will be a stated meeting of Pickaway Lodge 23 F & AM Wednesday, February 5, 7:30 p.m. —ad.

The Pickaway Country Club annual membership meeting is scheduled for Wednesday, February 5, 1969 at 8 p.m. in the club house. —ad.

The Blue And Gold Reserve Cheerleading Squad Encourages TVHS School Spirit

By MARILYN BARR
Two sophomores and four juniors make up the reserve cheerleading squad at Teays Valley High.
Leona Conley, a junior, is the daughter of Mr. and Mrs. Grover Conley of Commercial Point.
She is enrolled in the college prep course. Her extracurricular activities include FTA, GAA, Science Club, Drama Club, French Club, treasurer of the junior class, Band, intramurals and reserve cheerleader.
Leona comments, "I enjoy cheerleading a lot, but I wish we could get more school spirit."
Becky Cook, a sophomore, is the daughter of Mr. and Mrs. Leslie Cook, Route 1, Ashville.
She is enrolled in the college prep course. Her extracurricular activities include

GAA, Latin Club, Drama Club, Office Staff, intramurals and reserve cheerleaders.
Becky says, "Cheerleading is neat, especially if the great sophomores yell."
Robin Melvin, a sophomore, is the daughter of Mr. and Mrs. John Melvin, Route 2, Ashville.
She is enrolled in the business course. Her extracurricular activities include Drama Club, library staff, intramurals and reserve cheerleader.
Robin comments, "I like to cheer a whole lot, especially for our winning team. The spirit has picked up, but it could be a lot better."
Kathy Penn, a junior, is the daughter of Mr. and Mrs. Foster Penn, 5061 Nelson Drive, South Bloomfield.
She is enrolled in the business course. Her extracurricular activities include GAA, Business Club, office staff, intramurals and reserve cheerleader.
Kathy comments, "I enjoy it and there is a lot of time and hard work put into it, but it's worth it because it boosts the team on to victory."
Sandy Scothorn, a junior, is the daughter of Mr. and Mrs. Scothorn, Route 2, Ashville.
She is enrolled in the college prep course. Her extracurricular activities include FTA, GAA, Science Club, annual staff, office staff, band, intramurals and reserve cheerleader.
Sandy says, "Cheerleading is a lot of fun and hard work, and Miss Warner is a great advisor."
Vivian Sheets, a junior, is the daughter of Mr. and Mrs. Dayton Sheets, Route 1, Ashville.
She is enrolled in the business course. Her extracurricular activities include GAA, Business Club, office staff, intramurals and reserve cheerleader.
Vivian comments, "The last games we have played, the spirit has picked up some. It really makes the cheerleaders feel good, so you can imagine what it does for the team."
Bonnie Peters, a junior, is the daughter of Mr. and Mrs. Ralph Peters of Ashville.
She is enrolled in the business course. Her extracurricular activities include Latin Club, GAA, Drama Club, library staff, annual staff, intramurals and alternate reserve cheerleader.
Bonnie says, "I like cheerleading. It's a lot of fun, but I think we need more school spirit."

FHA Slates Fruit Baskets For Elderly

By JANE CLAY
FHA's fifth meeting was opened by Glenna White, president, on Jan. 16.
The secretary and treasurer's reports were approved as read.
It was suggested that the FHA take fruit baskets to the Old Folks Home before Easter.
The committee appointed for this project consisted of: Rosalee Edmunds, chairman; Barbara Fannin, Mona Thompson and Shelby Kitchen.
After the meeting was adjourned, Mrs. Martha Ewing, an advisor, named Debbie Hoffines as the winner of the Betty Crocker Homemaker of Tomorrow Award for Teays Valley.

New Student At Teays HS

PAM SCOTT
By BARB LEMASTER
A new freshman face this year at Teays Valley is that of Pam Scott from North Union High School.
Pam is the daughter of Mr. and Mrs. Robert Redmon, of Lockbourne Lodge Trailer Court.
Her favorite subjects are English and health. Her hobby is collecting coins.
Pam thinks Teays Valley is a real neat school.

RN Addresses Future Nurses

By STEPHANIE DENMAN
Teays Valley Nurses Club was brought to order by President Jonette Christy.
The minutes were read and approved and the treasurer's report given.
A guest speaker, Mrs. Baehr, a registered nurse from Ohio State University, spoke on her training at Ohio State.

Woman Is Charged In Bank Robbery
ALBANY, N.Y. (AP) — Arraignment is set Thursday for Mary Elizabeth Lucas of Utica, N.Y., on an accessory charge in connection with a \$16,000 bank robbery in Toledo, Ohio, last Dec. 16.
FBI agents arrested Mrs. Lucas Friday night and charged her with being an accessory after the fact in the holdup of the Manhattan-Stickney branch of the Toledo Trust Co.

Marilyn Barr, John Purcell Are TVHS Seniors Of Week

MARILYN BARR
By BELINDA CARPENTER and BARB LEMASTER
Marilyn Barr and John Purcell are the Teays Valley seniors of the week.
Marilyn is the daughter of Mrs. Goldie Barr of Route 4. She is enrolled in the business course, and her extracurricular activities include FTA, annual staff, Blue and Gold reporter, secretary of the Business Club, office staff, and newspaper staff.
Her hobbies are playing pool, bowling and listening to records.
Marilyn plans to get a secretarial job following graduation.
John is the son of Mr. and

JOHN PURCELL
Mrs. Thomas Purcell Jr., Ashville.
John is enrolled in the college prep course. His favorite subjects are government and English. His hobby is horseback riding.
After graduation John plans to attend Ohio University and major in business administration.

Freshmen Plan Play Night

By LINDA SANDERSON
President Sam Wilson called the Freshman Class meeting to order. All class officers and representatives were present.
At the first meeting, ways to raise money were discussed. The president stated that a play night had been approved. The following games were suggested: basketball, darts and ping-pong. It was also suggested to play records.
Junior high and high school students will be admitted at the price of 50 cents. The date was not decided.
To get class funds started each freshman is to pay \$.25 to his homeroom representative.
Bill Wilkin made a motion to adjourn the meeting. Joe Lombardo seconded the motion.

Doubts About Insecticides

DDT was first synthesized in 1874 by a German scientist, but it wasn't until 1939 that a Swiss firm produced it for widespread use as a result of war-caused shortages of other insecticides. At that time DDT was hailed as an omnipotent weapon against insects and other pests with no harmful effects on plants, humans or other animal life.

Thirty years later, the story of DDT has changed considerably. One after another, eminent specialists testified at a Wisconsin legislative hearing on a petition to restrict or ban DDT in that state that the chemical may be affecting man adversely through sex organ changes and by reducing the effectiveness of drugs.

Dr. Robert den Bosch, professor of entomology at the University of

California, testified that in some ways the insecticide is worse than the atomic bomb because the side effects now indicated were not expected.

From all parts of the world have come reports that traces of the chemical are being found in animal and plant life. Last year it was discovered that DDT was responsible for the killing of large numbers of newly hatched Coho salmon in Lake Michigan. Several other Great Lakes states are now considering banning of indiscriminate use of the chemical.

Ten years ago many farmers stopped using DDT in favor of newer insecticides. The big question — DDT is in declining use — is what safeguards have been erected to insure present insecticides do not contain dangerous ingredients which someday may threaten man and his environment?

Top Priority

Under rules of the General Agreement on Tariffs and Trade and those being adopted by the Common Market, a member of the market who sells products to the United States or any other non-member would receive a rebate on the value-added taxes imposed on his products as they went through the manufacturing cycle.

Imports into the Common Market would face a levy equivalent to that which would have been imposed if the

product had been manufactured domestically. The United States has no comparable tax.

This is a situation which should receive the prompt attention of the new administration. The restrictions the new Common Market tax will impose on U.S. commerce to one of its most vital markets less than a year from now cannot be tolerated without suitable counter action.

Treaty To Stop Skyjackings

By JOHN CHAMBERLAIN

The hijackings or sky-jackings — to Cuba increase. There were twenty-eight last year, ten in January of this year, plus one attempted hijacking that fizzled because the pilot had nerve enough to put down in Miami despite the presence on his ship of a menacing man with a gun. Nobody seems to know what to do about it all, but the Senate Foreign Relations Committee could come up with a fair stab at an effective bill if it chooses to listen to a resolution proposed by Senator Tom Dodd (D., Conn.).

Dodd's proposal calls for an international treaty which would bind the nations that sign it to return a hijacker to his original point of departure for swift trial. The Senate Foreign Relations Committee is not all of one mind on the way to deal with Castro's Cuba, but it very likely will agree to put aside its liberal-conservative differences to accept the proposed resolution calling for immediate

extradition of hijackers. The main difficulty, of course, would be in getting quick international action on a treaty. The disease of hijacking happens to be virulent in the countries bordering on the Caribbean Sea, but, unlike the Hong Kong flu, it hasn't turned up in epidemic proportions in the rest of the world. So what concerns the U.S., Venezuela, Colombia, the Dominican Republic and a few other nations within hopping distance of Havana may not seem of monumental importance to, say, Sweden, Japan or India.

Assuming, however, that the countries which have important airlines reaching into the Western Hemisphere can be brought in fairly quick order to sign an anti-hijacking treaty, how would it work if Fidel Castro himself refused to agree to the international convention?

The Dodd resolution would take care of a reluctant Fidel by insisting that if one signatory to the proposed treaty can't get

a hijacker returned from Havana, all the other signatories would break travel relations with Cuba at once. If Mexico, the South American countries, and the richer West European nations all signed a treaty, Cuba would feel the pinch economically.

There already exists a tentative agreement among members of the International Federation of Air Line Pilots Associations to boycott any country that fails to release a skyjacked plane within forty-eight hours. But this agreement has not yet been nailed down, and not too many airlines hire IFALPA pilots anyway. Besides, return of the plane is not the real problem: Castro has been willing to let hijacking planes go provided that their owners enrich his treasury by paying the Havana landing fees. The real problem is the hijacker himself. Not a single hijacker has been extradited from Cuba, and none of them has been punished by Cuban law for his deed.

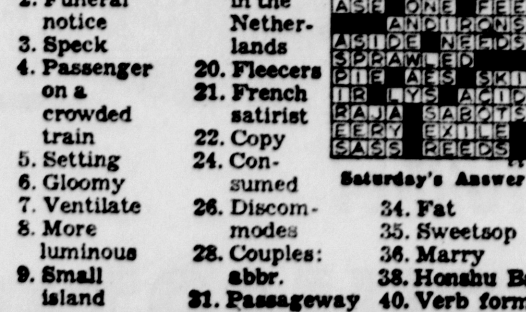

Hope for a treaty with teeth in it might be stimulated if a rash of hijackings to the West suddenly arose in Soviet Russia and eastern Europe. In such an event, Moscow and its satellite governments might willingly sign. It would go against the grain of western countries to return iron curtain hijackers to death, incarceration or deportation to Siberia. But the humanitarian rule that one should not purchase one's own freedom at the risk of innocent people's lives should hold in international relations.

Anyway, with or without a treaty, something must be done to stop the hijacking before it makes all flights to and from Florida and Latin America perilous. If the gruesome business can't be controlled by treaty, Castro should be considered an accessory after the hijacking fact, and dissuaded by other — and more forceful — means.

"Here it is, Mom! The recipe for upside-down cake."

Try and Stop Me

By BENNETT CERF

OBSERVING that one of her most difficult students was day-dreaming as usual, a teacher decided on a drastic method of attracting his attention. "Myron," she called sharply, "tell me quickly: if there are more people living in California than in Montana, and tomatoes are eighty cents a pound, how old am I?" Myron answered promptly, "You're 36." "For heaven's sake," gasped the teacher, "you're absolutely right. How did you ever guess?" "Nothing to it," deprecated Myron. "My big sister's eighteen, and she's only half crazy."

Zsa Zsa Horowitz, top socialite in the Gowanus Canal sector, is trying to pry loose from her bosom friend, Looselip Leopard, the ingredients of a cocktail the latter served her at a recent Saturday night cotillion. "All I know is that I was feeling disconsolate and unwanted when I arrived at Looselip's," recalls Zsa Zsa. "Then she served me two of these mysterious but wondrous libations. I don't remember another thing until I woke up feeling great—four days later."

OVERHEARD:

By the first astronaut to land on the moon: "I'm sorry, sir, but your baggage seems to have been sent on to Mars."

Speaking Of Your Health

By Lester L. Coleman, M.D.

At a recent dinner party a woman made her entrance in a grand and flamboyant way. She quickly announced, "No kisses and no handshakes because I don't want to catch the flu." I did not quite understand why she came to the party in the first place if she wanted to protect herself so carefully. Actually, I believe that this was a special and loud technique for calling attention to herself, rather than a real fear of contracting the flu.

I was moderately amused to learn that some time after that she came down with chills and fever and all the unpleasant symptoms of the disease that has struck so many of us. She recovered quickly. I recall the anxiety that was generated by her at the dinner party because she made herself the fear of an illness the center of the evening. The fear that she brought with her was more devastating than the germs or the viruses that may have lurked in the air.

Unfortunately, in an epidemic, fear begins to mount. It becomes worse when you know you cannot protect yourself from the sly little viruses that you must come in contact with in the home, at work, in school, in crowds, and even in carefully selected places. There is probably no better illustration than the "colds or flu" that strike astronauts while circling the earth. One hardly could tell that they were harboring the virus before they entered the capsule.

There really is no way to completely protect oneself when infections are striking everyone, other than to keep a sane diet and get sufficient rest to keep the body in its maximum condition. Those who were protected against the Asian flu by vaccine probably had an advantage in reducing the severity of their infection. The elderly and those with chronic illness had been given the Hong Kong vaccine which gave added protection. Fearful panic that a germ or a virus lurks everywhere can do more damage, psychologically, than can the disease itself.

Fear has many forms and its effects may destroy much of our inner peace and tranquility. Recently, I visited my dentist and asked him for the time while I was being treated. He said, "that reminds me, my watch is in another room. I had to leave it there because my last patient refused to let me wear it. It had a radium dial back.

The Business World

By JOHN CUNIFF

NEW YORK (AP) — One icy day last week 105 corporate executives, professional men and academicians, all cleared to handle secret material, gathered at a baronial mansion an hour's drive north of here to play games.

They were deadly earnest; these were war games.

The group broke into units of eight or ten individuals to discuss problems and work out solutions, which later would be presented to the entire assembly and then criticized by government officials.

One of these was Joseph F. Miller, executive vice president of a manufacturers' association, lawyer and former member of the National Production Authority during the Korean War. This

was one of his problems:

It is 30 days after a nuclear catastrophe and time to think of rebuilding the destroyed city. But there are materials problems. Piping, for instance, is in short supply. Where can it be obtained?

Miller's group, all of its members familiar with construction, decided that it would be wise to dig it up. Frequently, he said, when a new pipeline is put down the old one isn't pulled up. Now would be the time to do so.

In addition, although the nuclear attack might have destroyed the structure in which the piping—in this case copper—was contained, some of the piping itself might still be salvageable.

As Miller left that afternoon he had in his possession a special pass and instructions on where to report in case of an actual attack. It was a successful meeting, he reported. Forty recruits had been signed up. He was elected chairman.

This was a meeting of the New York area National Defense Executive Reserve, a group of talented individuals whose job is to be "available, ready and trained to serve government in a limited war or nuclear attack."

These are the words of Arthur Rutzen, director of the New York field office of the Commerce Department. Adds Rutzen, "The purpose of NDER is to get the economy moving as fast as possible after a catastrophic event."

There are about 4,000 mem-

bers of NDER scattered throughout the country and attached to one or another government department. The Departments of Transportation, Agriculture, Interior have units, for example.

Each member attends at least one two-day session a year in his own area, plus a one-day conference in Washington. Throughout the year they are kept up to date through considerable mail from Washington.

The government is looking for more such men, for as a Commerce Department official commented, "We never have been successful in getting the needed number of reservists for operations and backup purposes."

In the Vietnam War, the NDER remains on reserve rather than active duty because full mobilization has not been declared. Throughout the Vietnam War it has never been necessary to allocate materials or fix prices and wages.

The largest unit of NDER, some 1,600 members, is attached to the Commerce Department, primarily because the job of increasing production and distributing raw materials becomes huge in wartime. For Jonathan Rintels it is even now a fulltime job.

Rintels, director of the Commerce Department's Office of Mobilization Readiness, is scheduled to help run training sessions this week in Texas. Three more meetings are to follow in Western states. Just in case.

TODAY In History

By THE ASSOCIATED PRESS

Today is Monday, Feb. 3, the 34th day of 1969. There are 331 days left in the year.

Today's highlight in history:

On this date in 1917, the United States severed diplomatic relations with Germany after the Germans had announced a policy of unrestricted submarine warfare.

On this date:

In 1809, the Territory of Illinois was created.

In 1809, the German composer, Felix Mendelssohn, was born.

In 1919, the Irish Republican leader, Eamon de Valera, escaped from an English prison.

In 1930, President Herbert Hoover appointed Charles Evans Hughes as chief justice of the United States.

In 1943, the British Royal Air Force pounded the German city of Hamburg in World War II.

In 1945, American soldiers smashed into Manila.

Ten years ago—The United States expressed doubt that the Soviets actually wanted a treaty banning nuclear tests. The United States, Britain and the Soviet Union were meeting in Geneva.

Five years ago—Communist China said it would not recognize the majority rule of the Soviet Union and its followers in the international Communist movement.

One year ago—South Korea complained that it was being left out of talks between the United States and North Korea about seizure of the ship Pueblo by North Korea.

Sirhan To Take Stand Briefly On Tuesday

LOS ANGELES (AP) — Defense attorneys say they expect to put Sirhan Bishara Sirhan and his mother on the stand Tuesday when the 24-year-old Jordanian's murder trial resumes after a four-day recess.

The break was ordered by Superior Court Judge Herbert V. Walker to permit the defense and prosecution to prepare arguments on a challenge to the grand jury's indictment of Sirhan for the slaying of Sen. Robert F. Kennedy.

Defense attorney Grant B. Cooper said he based his challenge on the argument that grand jurors are chosen from residents of above-average means, unrepresentative of a community cross section. He said Sirhan and his mother, Mary, 55, would testify about their economic status.

Before the defense action, the 12 jurors but no alternates had been chosen.

Pueblo Crew Tries To Act As Landlocked Ship's Unit

Dear Abby: By Abigail Van Buren

Buffalo Man Meets New York Nut

DEAR ABBY: I am an ordinary man, single and 47. I was recently in New York on a bus travel tour and was having lunch alone in one of those automat restaurants when a woman of about 30 came and sat at my table and struck up a conversation. She started off by saying she knew I was a Catholic priest as she had seen me in a pulpit someplace and she never forgets a face. She kept calling me "Father."

I tried to tell her that I was not a priest, but she persisted. I told her three times to please quit calling me "Father," and I even showed her my identification, but it didn't help. It got to be so exasperating I finally hurried up my lunch and left. Abby, are there lots of crackpots like this in New York? And what is a person supposed to do in a situation like that?

FROM BUFFALO
DEAR FROM: New York has more crackpots (I call them "psychoceramics") than other cities because there are more people there. And the only way to handle them is to do as you did. Beat a hasty retreat.

DEAR ABBY: I'll get right to the point. I am 23 and am practically engaged to a wonderful guy. We've gone together for nearly a year and I have stuck to my "hands off" policy, which was not easy.

My question: How much should I tell my fiancé about my past? To be honest with you, I am not lily-white. (There have been several men.) Should I tell him how many, and who they were?

I hate to lie, but I don't want

this thrown back in my face later on. Please help me.

ITHACA
DEAR ITHACA: It's not necessary to provide your fiancé with the names and numbers of the previous players. I am not suggesting that you lie. Simply tell him (if he asks) that your "past" is a closed chapter, and he will have to accept you as you ARE—or not at all.

DEAR ABBY: Please say something to people who have all day to do their shopping, but wait to do it when we working folks have to do ours.

Have you ever tried to do your marketing right after work to find yourself standing behind a line of homemakers, still in their curlers, looking for something to cook fast before the old man comes home? Or some tired, dirty man, just off the job, getting grub for dinner because his wife got a Charley horse in her tongue from drinking all day with the girl next door.

Try it some time, you will get the urge to kill. Thank you. FURIOUS IN Prescott, Arizona

CONFIDENTIAL TO "LOSING OUT" IN BEVERLY Hills; No intelligent worthwhile man will abandon the company of a mature, interesting woman simply because a "young doll" comes on the scene. There are too many young dolls sitting at home while fifty-ish women continue to pick off the best bachelors.

By RICHARD E. MEYER
Associated Press Writer
CORONADO, Calif. (AP) — "Bucher's Bastards" are a ship's company without a ship. It feels a little strange to the men, but they're trying to operate like a ship's crew anyway.

Their intelligence ship, captured last year by North Korea, is in the Communist country. In their two-story stucco barracks at the North Island Naval

Air Station, the 81 men of the USS Pueblo set up a ship's office in a small room.

Adjacent are offices for the skipper, Cmdr. Lloyd M. Bucher, and the executive officer, Lt. Edward R. Murphy Jr., who are appearing at a court of inquiry into the capture, which is being held at an Amphibious training school nearby.

Murphy takes the stand in an open session today, after testi-

mony from Rear Adm. George L. Cassell, chief of staff for operations for the commander in chief of the Pacific Fleet during the capture of the Pueblo by North Koreans.

Cassell follows Lt. Stephen R. Harris, who was in charge of the Pueblo's intelligence section. The Navy said Harris' testimony would be secret in the interest of national defense.

Meanwhile, CWO Gene How-

ard Lacy, 38, of Seattle, Wash., says, "We're trying to take over our files and assume the duties of a ship's crew as much as possible."

"Of course we don't have a ship, so our only real duties are cleaning up the dormitories and a fire watch and a phone watch set in each dormitory."

North Koreans freed the Pueblo's 82 men last December,

along with the body of the 83rd crewman, who was killed during the capture. But they kept the Pueblo.

Being a ship's company without a ship is strange, says Lacy, "but we've felt strange that way for the last year. It's not like being on a ship, and it never will be."

Except for leave and liberty, which are generous, the men will remain in their barracks near the court of inquiry until its proceedings are complete—at least another three weeks.

Some of them have dubbed themselves "Bucher's Bastards," in a show of loyalty to their skipper during his appearances before the court.

"Dear captain," they wrote him on a piece of Pueblo stationery. "We've made it this far together, and we'll finish it together. (signed) Bucher's Bastards."

Backlog In U.S. Courts A Record

By MALCOLM BARR
WASHINGTON (AP) — A report sent to the attorney general today showed that the backlog of civil and criminal cases pending in U.S. district courts at the

end of the last fiscal stood at a record 97,245.

The report, prepared by the Administrative Office of the U.S. Courts, said the backlog rose 71 per cent from 1955 although the number of cases filed remained "relatively stable."

As part of his fight against the rising tide of crime in the country, President Nixon has called for more federal judges and prosecutors in order to dispose of the cases faster.

A companion report by the Judicial Conference of the United States also expressed concern about congested court calendars and suggested in addition to more judges:

—A careful and thorough analysis of the inventory of pending cases.

—Notification to defense lawyers of the need to complete trials, preparations as promptly as possible.

—Stronger judicial control over requests for continuance.

The Administrative Office report indicated the backlog at the end of fiscal 1968 consisted of

14,763 criminal cases pending and 82,482 civil suits.

The median time in which a defendant may expect to get a jury trial, according to statistical data in the report, is 5.8 months. This varies from a high of 22.8 months in the Eastern District of New York to 1.4 months in the Western District of Kentucky.

Defense lawyers and U.S. attorneys generally consider 4 to 6 weeks as a maximum that a person should await jury trial.

The following figures show the median time defendants await jury trial in federal courts across the nation, with the median time it takes to process guilty pleas in parentheses:

First circuit, 7.8 months (3 months); Second circuit, 10.5 (3.1); third circuit 9 (5.3); fourth circuit 4.6 (1.0); fifth circuit 6.3 (1.8); sixth circuit 4.0 (2.8); seventh circuit 9.3 (3.5); eighth circuit 5.5 (2.1); ninth circuit 4.6 (1.9); tenth circuit 3.4 (1.7) and the District of Columbia 10.1 (8.8).

The median for the 89 districts of the tenth district and the District of Columbia is a 5.8

month wait for jury trial, a wait of 4.6 months for trial without jury and a wait of 2.2 months to enter a guilty plea.

Providing additional headaches for court administrators and judges across the nation are the increasing numbers of civil cases. More than 10 per cent of these have been pending nearly three years.

A backlog of cases has grown too in the U.S. courts of appeal. Fifty-three per cent of appeals stem from criminal actions and applications for habeas corpus, the report said.

The ever-increasing work load of the appeals courts over the decade is illustrated by the 3,889 new appeals filed in 1960, compared with the 9,116 filed in 1968.

Pork Banquet Set Thursday

The Pickaway County Pork Council has scheduled its annual pork banquet 6:30 p.m. Thursday in the 4-H and Grange Building.

Speakers on the program include Debbie Young, Pickaway County Pork Queen; Dave Gerber, area swine specialist; Clarence Maxson, who will show slides of his trip to Russia.

Tickets for the banquet are available from members of the pork council or at the Pickaway County Agricultural Extension office.

JUST CAN'T WAIT—Standing with erect bearing and holding a toy machinegun, Alexandre Costa e Silva, grandson of Brazil's president Arthur da Costa e Silva, joins the ranks of the honor squad of the Palace Guard during taps in Petropolis.

Business Briefs

Fred McLaughlin, Landmark Vice President — Feed, announces the consolidation of four egg marketing cooperatives acquired by Landmark during the last two years. The consolidation, which became operative this month, is known as Landmark Foods, Inc., with main offices at the 245 N. High St. Building in Columbus.

Present plant locations in Columbiana, Wooster, New Washington and Napoleon will be known as divisions of Landmark Foods. A five-producer Marketing Committee in each area will assist each plant manager in policy and management recommendations.

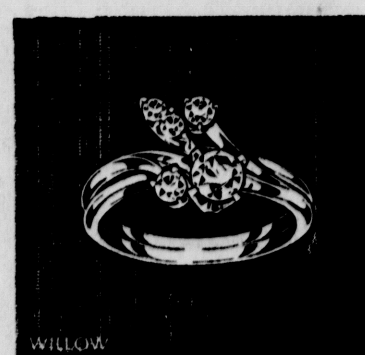

Robert Scherer, 610 Garden Parkway, is manager of marketing for Landmark Foods, Inc., Columbus.

Eggs processed in the four plants will be marketed both from the plant locations and through Federated Egg and Poultry Sales. The latter cooperative, which is owned and supplied by Poultry Producers Association at Versailles, the Ohio Valley Egg Cooperative, Milford and Landmark Foods, Inc., Columbus, has sales offices in Columbus, Cleveland and Pittsburgh.

Crash Injuries Fatal

HOLD THAT BUS — These youngsters are running because they're late for the school bus. It could be dangerous. Just ahead is a road to be crossed. In their haste, they will be on the look-out for cars?

HORSEPLAY — Children easily start horseplay on a school bus, so parents should point out why it is to be avoided. It could distract the driver and be the direct cause of an accident.

School Bus Passengers; Are They Really Safe?

By JOAN O'SULLIVAN
Every weekday morning in city, suburbia and country, 17 million youngsters are hurried out of the house so they won't miss the school bus. Usually painted a bright orange or green so that it is a standout and easily noticed by other drivers, the school bus has a friendly look about it but, along with the smiling children and the invariably good-natured driver, parents should know that danger is also a passenger.

If recent statistics are any guide, more than 3,000 children will be injured in bus accidents this year. They are accidents that might be avoided if parents would help.

PTA groups, for example, should check bus service to see that it is up to the standards of West Virginia, which the National Safety Council hails as a state with a model school-bus program because of requirements it has set, including these:

Bus drivers must pass a rigorous physical; take a written safety test; have traffic, criminal, credit and military records checked; take a 12-hour training course.

To apply, drivers must be over 21 and under 51. They may work until 65, the mandatory retirement age, but after 50 must have a physical twice a year and an electrocardiogram annually.

Prior to the opening of each new school term, all drivers must take a refresher course.

Buses must be inspected every 90 days to insure perfect maintenance.

Each driver must give his bus a daily safety check.

As far as the school bus itself is concerned, there is good news from Washington. The National

Highway Safety Bureau is working with manufacturers and a force of various experts with a view to establishing mandatory federal performance standards that school bus manufacturers must meet.

The Bureau also expects to set up guidelines for selecting and training drivers and maintaining buses that states will have to meet if they want to receive federal funds for highway-safety programs.

On the home front, the National Safety Council suggests that parents take these steps to insure their children's safety:

Be sure child leaves home early enough to reach the bus stop without rushing into danger. He should not be at the stop too early, however, lest he get into trouble.

Make certain your child knows how to cross streets safely. If there is no sidewalk and he must walk in the road, he should walk facing traffic.

Teach your child to board the bus immediately, using the handrail, avoiding pushing. Once on the bus, instruct him to take his seat and keep it until the bus reaches its destination and comes to a full stop.

Stress the importance of obeying the driver.

Emphasize the necessity of avoiding horseplay and making noises that might distract the driver and, in that split second, cause an accident.

Lawn Festival Cancelled By General Guild

The Berger Hospital General Guild meeting was held Thursday in the guild room of the hospital, with 21 guides represented.

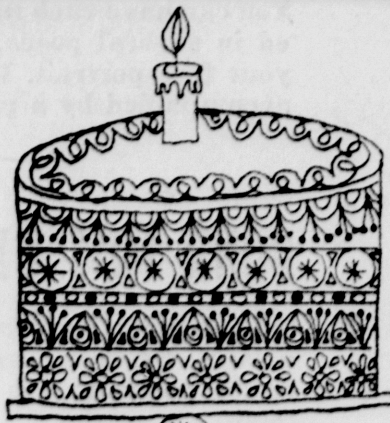

Mrs. Randolph Clark, president of the General Guild, conducted the business meeting. She asked Mrs. Larry Varble to report on the Christmas Tea, and Mrs. Terry Roof to report on the Bazaar. Both chairmen stated these projects were successful and they thanked the guild members for their cooperation. A nominating committee consisting of Mrs. Frank Moore, chairman, Mrs. Wayne Hatfield and Mrs. Lincoln Mader was appointed to present a slate of officers at the April meeting.

A discussion was held concerning the possibility of a Spring Lawn Festival. The guilds represented decided not to have the Festival.

A discussion was also held concerning the individual guilds annual gifts to the hospital. A gift procedure list was given to each guild chairman.

The meeting was adjourned, and refreshments were served by Guild 27.

Most porpoises swim 17 to 23 miles per hour for brief periods, the National Oceanographic Data Center says. Some have been recorded going 40 to 43 m.p.h.

Nominating Committee Is Named

Berger Hospital Guild 21 met recently in the home of Miss Mary Clark of Alkire Road with Miss Dhel Renick as assistant hostess.

Mrs. Ross Hamilton presided over the business for the evening. The group voted in favor of the General Guild to hold a Spring Lawn Festival. Plans were made for the annual party when secret sisters will be revealed at the Wardell Party Home on Feb. 11.

Appointed on the nominating committee were Mrs. Galen Mowery, Mrs. Paul Thompson and Mrs. Donald Rose. Election of new officers will be held during the March meeting. Mrs. Donald Rose received a gift from her secret sister. Winner of the door prizes were Mrs. Paul Thompson, Mrs. Galen Mowery, Mrs. Ralph Diltz, Miss Ann Short, Mrs. George McCoy, Mrs. Eugene Hanson, Mrs. Ross Hamilton and Mrs. Rolif Wolford.

Hostesses for the March meeting will be Miss Ann Short and Mrs. Ralph Diltz.

Family Night Set For YMCA In Lancaster

The monthly meeting for the Military Family Night will be held at the YW-YMCA 8 p.m. Thursday at the Y building 465 W. Sixth Ave., Lancaster. This meeting is held the first Thursday of each month for the benefit of the area and local families that have sons, daughters or husbands in the armed forces. Paul Dillard, past president of the Lancaster and Fairfield County Radio Amateur Club, will speak on how the radio operates and how it can be of public service.

A serviceman of the month will be chosen at each meeting. Bring any items suitable for a serviceman to use and it will be packed that evening and sent to the one selected.

Sorority Sets Valentine Ball

The annual Valentine Ball sponsored by Phi Delta Phi Chapter of Beta Sigma Phi Sorority will be held Saturday, Feb. 8, at the Elks Hall, West Second St., Chillicothe. Neal Terry and The De Rays will provide the music from 10 p.m. until 2 a.m.

Committee members are as follows: chairman, Mrs. Charles Forstley; tickets, Mrs. Jack Knab; decorations, Mrs. Robert Montgomery; concessions, Mrs. David Glassburn; coronation, Mrs. Nikolaus Wenzel; and publicity, Mrs. James W. Vulgamore.

Art League Sets Feb. 17 Meeting

The next meeting of the Circleville Art League will be 8 p.m. Feb. 17 in the home of Mrs. Glen Yapple, Route 2.

Melissa Frazier Honored On First Birthday

Mr. and Mrs. Neil K. Frazier, Route 3, were hosts on Tuesday evening for a party honoring their daughter, Melissa, on her first birthday.

Refreshments of a cake, decorated as a doll, and ice cream were served to her grandparents, Mr. and Mrs. Glenn Leatherwood, and Mr. and Mrs. Emmett Frazier; great-grandparents, Mrs. Minnie Frazier and Creaton Kraft; Mr. and Mrs. Emory Montgomery, Mr. and Mrs. Lloyd Gallagher, Mr. and Mrs. Dale E. Wolfe and Daryl, Miss Joyce Frazier and Miss Cathy Smalley.

Republican Women Hold Luncheon

Beginning the New Year, Pickaway County Women's Republican Club held a carry-in luncheon recently at the Service Center of Good Shepherd United Methodist Church.

Judge William Ammer was a special luncheon guest. He presented "View Of Inaugural" with a question and answer period following.

During the business session communications were read from the president of the National Republican Women's Organization, Mrs. Gladys O'Donnell, with dates given for the forthcoming women's conferences in Washington D.C. and Atwood Lake Lodge.

Membership dues were received and the club's dues paid to the Pickaway County Historical Society for 1969.

Hostesses were Mrs. H. O. Caldwell, Mrs. Elmer Siegle, Miss Maggie E. Mavis and Mrs. Clark Smith.

The club accepted the invitation of Mrs. Elmer Siegle to meet in her home 221 N. Long St., Ashville Feb. 24. The carry-in luncheon is scheduled at noon.

St. Patrick's-Purim Banquet Scheduled

NEW YORK (AP) — The Loy-al League of the Yiddish Sons of Erin has announced it will hold its eighth annual St. Patrick's Day-Purim banquet March 15.

The organization consists of Jews born in Ireland, and is seeking a college girl as queen of this year's festival.

Questions Taxpayers Ask

EDITOR'S NOTE: This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q. Does it make any difference whether I file the red, white and blue tax form I got in the mail or one of the plain ones the Post Office has?

A. Either form is acceptable, but the colored form is preferable. However, if you do not file the return mailed you, please be sure to remove the name label and put it on the return you do file. Use of the address label will properly identify your return and speed any refund due.

Q. The use of color on some of the 1968 tax returns is an experiment to determine whether the use of color to highlight certain sections of the form will reduce errors.

Q. Where can I hire someone to help me with my tax return?

A. Call your local accounting, legal or tax practitioner association and ask them for the names of qualified people. In choosing an adviser, here are things to look for: avoid the man who "guarantees" you a refund; be on guard, if he suggests the refund be sent to his address.

Q. You should never sign a blank tax return or one that has been prepared in pencil. You are legally responsible for every item on the return even though someone else has helped you prepare it.

Q. Your adviser should sign the return, too, indicating that he helped you with it.

Q. Are gifts ever taxed?

A. The recipient has no Federal income tax to pay but the giver may be taxed if the gift is sizable. The law generally requires a gift tax return to be filed by the donor when a gift or gifts to any one person during the year exceeds \$3,000.

Q. However, income earned on gifts is taxable to the recipient.

Q. I sold my house just before my 65th birthday. Does that mean I won't be entitled to the special benefits for the elderly on those sales?

A. The law requires you to be 65 or over before the date of sale or exchange to qualify for these special benefits.

Q. I was married last month. Since my name has changed do I have to change my social security number?

A. When your name changes, notify your local office of the Social Security Administration as soon as possible. Your number will not be changed, but your record will be corrected to reflect your married name.

Q. Who can file the short form, 1040A?

A. This form can be used in the following circumstances: income is under \$10,000; and income consists entirely of wages subject to withholding and not more than \$200 from dividends, interest, and other wages.

The Form 1040A cannot be used by taxpayers who either itemize their deductions or who claim special tax credits or deductions such as the retirement income credit, sick pay exclusion, or moving expense deduction.

Further details on filing requirements are given in the instructions that accompany both the 1040 and 1040A tax forms.

Jump Declines

Insurance Post

COLUMBUS, Ohio (AP)—In a surprise move, Harry V. Jump of Willard has declined his appointment as state insurance superintendent, and Gov. James A. Rhodes Sunday named Fred B. Smith of Columbus to the post.

Jump asked Rhodes in a letter to rescind the appointment because he doubted that his action as a senator in approving general pay increases for state employees in 1967 made him eligible to serve by appointment in an office subject to Senate confirmation.

Smith, currently the department's deputy director, will receive \$24,960 annually in the new job. Rhodes said Jump will be named deputy director at \$15,600 a year.

HAMILTON, Ohio (AP) — Derrick E. Miller, an 18-year-old senior at Middle town High School, will be doing his homework in the city jail for the next 15 weekends.

And when he graduates or terminates his secondary education, he could spend time in the workhouse at Cincinnati.

He was convicted Saturday by Municipal Court Judge Martin A. Coyle for trespassing, assault and battery, and disturbing the peace at New Miami High School on Jan. 20.

Miller pleaded innocent to the charges.

According to the court, the youth caused a disturbance at the school and struck New Miami football coach Dennis C. Byrd.

Judge Coyle sentenced him to serve 30 days in the local jail for trespassing — to be served on weekends — and placed him in the custody of his grandpar-

ents. A \$50 fine was deferred until June.

On the assault and battery conviction, Miller was sentenced to serve six months in the Cincinnati Workhouse and fined \$200. However, each day spent in the company of his grandparents counts toward the workhouse term.

A fine of \$38 levied for dis-

turbing the peace is to be paid within a year.

"I think there is a good future for you, Derrick," the judge said. "The court wants you to be a good student and that is why you are being permitted to bring your books to the jail."

Views on Television

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP) — "The FBI," one of ABC's Sunday night stalwarts, has the blessing and cooperation of that agency, and it's plots, it says on the screen, are "inspired by FBI cases."

"Inspired" would hardly be the word to describe the usual run of "FBI" scripts. They are usually routine cops-and-criminals pieces with considerable violence tossed in when the action slows and, of course, at the end of each program.

Sunday night's episode was fairly typical, although it did have an unusual twist. A Latin-American dictator hired the Mafia—in the person of a soft spoken killer named Richard Schaefer, alias Smith—to snatch an outspoken refugee publisher and return him to the dictatorship.

The rest was routine, good guys against bad guys. Women and children were held hostage, there was a chase and, of course, the last minute flurry of gun shots.

How Weather Looks Today

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP)—Official Weather Bureau summary for Ohio:

Winter has rushed back to Ohio after Sunday's spring like sunshine in the northern part of the state.

Temperatures dropped into the 20s early this morning in the northwestern counties and rain changed to snow as the colder air swept in. In the southeastern counties, temperatures hovered in the low 50s until near daybreak. Precipitation amounts generally were less than .25 inch.

The changing weather pattern over Ohio was caused by a low center that developed over Tennessee Sunday morning. The low moved northeast across Ohio and into Lake Erie early this morning.

Cold air which has been poised for the last couple of days over the upper Midwest and upper Great Lakes now is pushing in following the low center.

Snow will diminish to flurries over northern Ohio but heavy flurries or squalls are likely to develop in the snow belt.

It will be cold tonight and Tuesday and then gradually moderate over the state as the week progresses.

FORECASTS

OHIO — Clearing southwest and mostly cloudy with scattered snow flurries elsewhere and much colder tonight. Lows 2-15 northwest and in the teens elsewhere. Locally heavy snow squalls near Lake Erie extreme northeast tonight. Tuesday variable cloudiness and cold with snow flurries northeast.

NORTHWEST OHIO — A few snow flurries and colder to night. Lows 5-15. Tuesday variable cloudiness and cold. Highs in the 20s.

SOUTHWEST OHIO — Clearing and colder tonight. Lows in the teens. Partly cloudy and cold Tuesday. Highs in the upper 20s.

CENTRAL and EAST CENTRAL OHIO — Cloudy with a chance of a few snow flurries tonight and Tuesday. Colder tonight. Lows in the teens. Continued cold Tuesday. Highs in the 20s.

SOUTHEAST OHIO — Partial clearing and colder tonight. Lows in the teens. Partly cloudy and cold Tuesday. Highs in the 20s.

GETTING UP NIGHTS MAKES MANY FEEL OLD

Common Kidney or Bladder Irritations make many men and women feel tense and nervous from frequent, burning or itching urination night and day. Secondly, you may lose sleep and have Headache, Backache and feel older, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing irritating germs in acid urine and quickly easing pain. Get CYSTEX at drugists.

Efrem Zimbalist Jr., as the FBI agent never really has to stretch his acting muscles.

It was followed, on NBC, by an episode of "Bonanza" that was a bit of a departure from its usual format and one that, except for a few scenes, gave the regular stars a bit of a holiday.

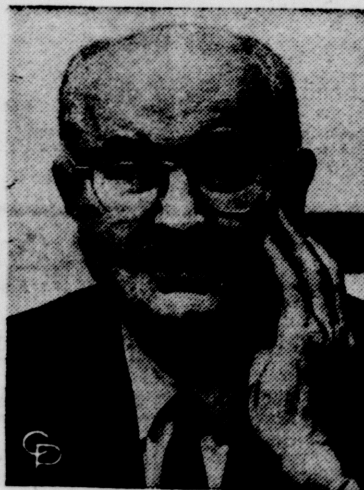

"Company of Forgotten Men" concerned a group of shabby Civil War veterans, regrouped by a sergeant who believes that if they raid the U.S. mint in Carson City and seize its gold, they can bully the government into giving them pensions.

The plan worked beautifully since they had in their party an expert safe blower. In fact, if two of the Cartwrights hadn't ridden into town looking for candy, their hired man—he had been taken along on the raid, bound and gagged—they would have gotten away.

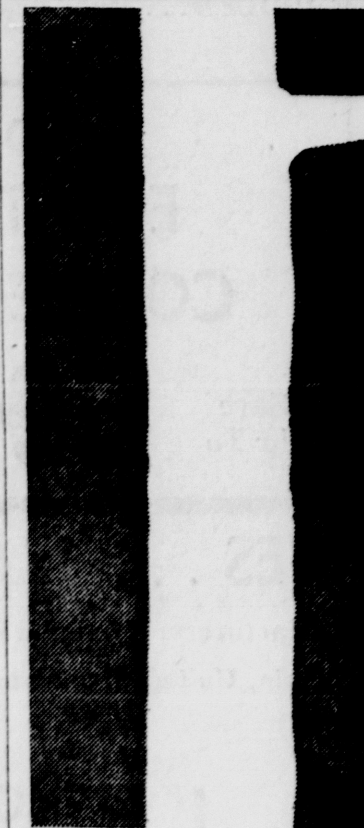

Of course, crime can no more pay on "Bonanza" than it can on "The FBI," so the former had to conclude, too, with a shootout. However, the show had pace and some style and there were attempts to inject some characterizations among the members of the raiding party.

Broadcasts of feature movies on television occupying two-hour blocks of prime network time seven nights a week, are not quite the treats they were when the vogue started. Audiences now seem to be tuning in the blockbusters with the star power and keeping away from turkeys.

To date this season, the most popular movie broadcast has been ABC's "Cat Ballou" early in October, with NBC's "To Kill a Mockingbird" in November second. Least popular according to Nielsen reports are ABC's rebroadcast of "The King and I" and CBS's "The Defector."

ABOUT THE PAY HIKE for Congress, Rep. Wright Patman, chairman of the House Banking Committee, proposes in Washington that the 41 per cent raise be doubled providing Congress members voluntarily divest themselves of outside work. "If members of Congress work at their jobs exclusively and have no conflicts of interest that will be a low price to pay for the raise," he said.

U.S. Re-Equips South Viets With Eye To Withdrawal

WASHINGTON (AP) — The United States will give South Vietnam about 300 modern helicopters as part of a plan to prepare Saigon's army and air force to stand on their own when the American military role is reduced and ultimately ended.

Sources said equipping the South Vietnamese with about 17 squadrons of helicopters, most of them transports but some armed ships, will start soon and take a couple of years.

The United States also will train more Vietnamese to fly

and maintain the choppers.

The decision to provide the helicopters was made by the Johnson administration, but it is expected to be carried forward by President Nixon.

Many details are being kept secret, but the Armed Forces Journal said a total of \$98 million for the project is included in the 1969 supplemental budget and the 1970 defense budget.

Currently, there are more than 3,000 American helicopters in Vietnam, many used to carry South Vietnamese soldiers into battle areas inaccessible by ground.

Some American officers felt that unless the United States moves to furnish the South Vietnamese with sufficient helicop-

ers of their own, the U. S. departure would mean Saigon's troops would be unable to range much beyond the roads.

This, U.S. officers contended, would mean that control of the countryside would fall virtually uncontested to the Viet Cong.

The South Vietnamese air force, which operates that coun-

try's helicopters, now has four squadrons totaling about 75 older-model H34 machines.

The South Vietnamese will now get the UH1, nicknamed the "Huey," a machine which came into its own in the Vietnam war.

Provision of new helicopters is part of an extensive U.S. effort to modernize Vietnamese

arms and equipment so the war can be "de-Americanized." This effort is costing between \$300 million and \$400 million a year.

Already accomplished is the rearming of the more than 155 infantry battalions of the regular South Vietnamese forces with lightweight, high-velocity M16 rifles.

The militia, which bears the brunt of much of the fighting with the Viet Cong, is starting to get the M16.

The United States also is furnishing South Vietnamese forces better machineguns, mortars, grenade-launchers, radios and trucks.

Many Hear Clouds Rattle

JACKSONVILLE BEACH, Fla. (AP) — Hundreds of persons—including Police Chief James Alford—reported strange sounds coming from two clouds.

One man described the sound as like "someone rattling cellophane." A woman said it was more like "someone walking on pebbles."

Alford ordered Capt. Harold Bryan to follow the first cloud. Bryan did so—to the edge of the Atlantic where the cloud dissipated.

The listeners started to go back inside their homes when, they said another cloud repeated the performance. Bryan also followed it to dissipation over the Atlantic.

Officials at the Mayport Naval Air station said they could offer no explanation, neither could other officials.

Circleville Cagers Get First Road Win In Two Years

By MIKE VAUGHAN
Herald Sports Writer

The Circleville Tigers won their fourth game of the season Saturday night against Franklin Heights by eight points, 61-69.

This was the first road win for the Tigers in two years. "Boy! It's nice to win, and two years is two too long" commented coach Gerald Sowders after the win.

The Tigers only trailed twice in the tilt and led by as many as 13 markers in the third period. The 30 turnovers by the Falcons was the contributing factor of the Circleville win.

High game laurels for the night went to the Tiger's Dave Horst who netted 20 points on seven field goals and six additional markers at the charity stripe. Horst hit 65 per cent from the field and 75 per cent from the free throw line. The Tigers hit 25 of 65 shots from the field for a 38 per cent proficiency.

THEY also managed to hit 19 of 33 shots from the charity stripe. Circleville turned the ball over to the Falcons 22 times during the tilt. The Red and Black was also helped out by the double figure shooting of Phil Diehl who had 17 points, Randy Halley who netted 13 for the night, and Ty Ankrum who had 12.

"Overall we played a good game, but Franklin Heights was better than they were the last time we played them" Sowders said. "I know we can beat Wilmington" he added looking forward to Friday's game.

High man for the Falcons was Gary Chiero who had 19 points

on seven field goals and five free throws. Most of his scoring came in the last period when the hosts drew within four points of the Tigers. Tony Wilson and Ed Long were the only other Franklin Heights players to break double figures. They had 17 and 12 points respectively. The Falcons hit 27 of 68 shots from the field and seven of 10 free throws. They turned the ball over to the Tigers 30 times during the game.

Franklin Heights got the first tip as the game got underway but Circleville was first to score on a 15-footer by Charlie Jackson. It was over a minute before the hosts were able to get their initial bucket but the Tigers were then ahead by four.

The teams matched baskets for the rest of the tilt but with

2:30 left to play in the stanza Danny Lewis of the Falcons tipped the ball into the Circleville bucket after a free throw to give the Tigers a five point margin. The bucket was awarded to the closest offensive man, Phil Diehl. The hosts then closed the visitors lead and took a one point margin at the buzzer on a layup by Tony Wilson.

Franklin Heights again got the tip when the second period started and Circleville was again first to score with 7:38 left in the half. The Tigers tied the game a minute later and the tilt was deadlocked for most of the rest of the half until with

less than three minutes to play the Tigers caught fire and carried a seven point margin into the locker room.

IN the third period Circleville continued to outscore the Falcons. The Tigers led by as many as 13 points in the canto. With the hosts unable to score, fouls became frequent and three Falcons fouled out as tempers and excitement flared at every whistle. The Tigers had gained a safe lead at the end of the stanza of 13 markers, 54-41.

In the fourth period Franklin Heights battled back but were unable to control the ball and turned the possession over to the Tigers many times. Nevertheless the hosts drew within four points with less than a minute to play in the game but lost many chances at the ball on personal fouls.

Next Friday Circleville hosts the third ranked Wilmington Hurricane in a SCO league tilt. They are idle Saturday night.

The Circleville Herald, Mon. Feb. 3, 1969 9
Circleville, Ohio

Nicklaus Wins Golf Clash With Score Of 284

SAN DIEGO (AP) — Tom Weiskopf, a soldier stationed at Ft. Polk, La., may be wondering how Jack Nicklaus won the 1969 \$150,000 Andy Williams-San Diego Open Golf Tournament and required 284 strokes to do it.

Weiskopf, you see, won the tournament a year ago, before the U.S. Army borrowed him, and did it in 273 shots.

And Nicklaus walked away, headed today for the Bob Hope Classic at Palm Springs, with

the \$30,000 winner's loot in another rather unusual situation. Seldom in these days does a pro golfer overcome a deficit of two strokes, win by one—and do it with a final round one-over par 73. Jack did it.

Generally something like four-under in the last round is required.

As it turned out Nicklaus, the Big Bear from Columbus, Ohio, defeated San Diego's hometown hero, Gene Littler, in a two man duel Sunday.

Littler's artistic 67 over the par 72 Torrey Pines Golf Club Saturday sent him into Sunday's final round two strokes in front of Nicklaus.

But Torrey Pine's tough par-4 holes led to Littler's loss. Its five bogeys were all on them.

He finished with 76 and the only birdie he got came on the final green. Nicklaus had finished—with a bogey six on the last hole—and Gene needed an eagle to tie. His birdie broke the possibility of a three-way tie for second.

Young Dave Stockton and veteran Tommy Aaron had slipped in with 70s and 72-hole scores of 286.

Littler pocketed \$17,100 and Stockton and Aaron each won \$8,850.

"Scoring," Nicklaus conceded, "was pretty bad this week. I can't believe I could win a tournament with my score after the scores we had here last year. A 284 is not a great score and 73 is not a great score."

It was good enough.

West Gives Most Rookies To Baseball

NEW YORK (AP) — If you want to be a baseball player, young man, go West.

That would have to be the lesson learned from the baseball draft by any aspiring major leaguers.

For the draft, conducted last Saturday, left little doubt that California has turned into the major producer of young talent for the National and American leagues—supplying 17 of the 24 players selected on the first round of the regular phase.

Tal Smith, director of player personnel who tapped shortstop Derrel Thomas from Los Angeles as the No. 1 selection, said afterward:

"Because of the high school and amateur programs out there, the climate and therefore the longer season, California is far and away the most productive area in the country for talent."

That was emphasized throughout the first round as young Californians were selected. By comparison, Florida produced three draftees and Nevada, Alabama, North Carolina and Massachusetts one each.

Thomas, an 18-year-old switch hitter is the cousin of Sonny Jackson, who was traded by Houston to Atlanta a year ago. Also selected on the first round, by Baltimore, was Rick Dierker, 19-year-old pitcher who is the younger brother of the Astros' Larry Dierker.

In all, 350 players were selected—178 in the regular phase, consisting mostly of high school graduates and junior college players, and 172 in the second-phase, covering players previously drafted but not signed.

Tiger Jayvees Lose, 47-37

The Circleville Tigers reserve team lost their preliminary tilt to Franklin Heights Saturday night, 47-37.

The winners were led by the accuracy of Stan Clay who netted 17 markers on six field goals and five free throws. The team managed to hit 15 buckets from the field and added 16 markers from the charity stripe.

High man for Circleville was Tom Bowers who scored nine points in the tilt. Bowers hit four field goals and one free throw. Circleville managed 11 buckets from the field and 16 from the charity stripe.

The hosts led by nine points at the end of the first period, 11 after two periods of play and one after the third period.

Circleville was unable to cope with the height and accuracy of the Falcon team and committed many errors in the tilt. They managed to hold the Falcons in the third period by using a zone press defense and out rebounding the hosts.

Next Friday the CHS reserves are hosts to the league leading Wilmington Hurricane Junior varsity in the preliminary tilt.

Baseball Players Hold Strategy Meet

NEW YORK (AP) — Dissident major league baseball players, threatening strike action in their bid for higher pension benefits, were set to hold a strategy meeting today in a midtown hotel.

Marvin Miller, executive director of the Players Association, expected about 100 major leaguers, including the player representatives from each of the 24 clubs to attend the 11 a.m. EST, session.

Cookie Ebert Leads Bowling Tournament

DAYTON, Ohio (AP)—Cookie Ebert of Columbus led the singles division with a 632 actual score after the first weekend of the 44th Ohio State Women's Bowling Tournament which continues through April 20.

A record 1,964 teams are participating in the tournament.

Teays Valley Defeats Logan Elm, 66-63

Teays Valley, trailing by as many as 12 points early in the game and never ahead until the last quarter, edged Logan Elm Saturday, 66-63, in the annual battle on the Viking floor.

The Vikings now are the only team in a position to capture the mythical Pickaway County basketball championship, having beaten both the Braves and Circleville.

The Bob Hoover coached squad faces Westfall Friday on the Mustang hardwood.

In Saturday's game, the Braves started as though they might blow the Vikings right out of the gym, scoring the first six points. Teays Valley pulled within one point, 9-8 with 4:43 to go in the first quarter, but then Logan Elm scored eight straight points to lead by 17-8 with three minutes to go.

By the time the quarter had ended, Logan Elm was on top 23-12.

Shortly after the second quarter got under way, the Braves led, 27-15, the biggest lead of the game. Then a determined Viking squad began whittling away at the margin separating the teams.

By halftime, they trailed by six points, 40-34. During the third period, Hoover's little band continued to edge up on the taller Logan Elm team. At the end of three quarters, they trailed by just one point, 51-50.

With 6:40 to play in the game, Dale Lambert put the Vikings ahead, 54-53, and they never trailed again.

The score was tied once after that at 60-60, with only 1:17 to play. But Neil Fosnaugh connected on two foul shots with 1:13 on the clock, and Lambert added another pair at the charity stripe with 1:05 to go

and the game was on ice.

Lambert, a 5-foot 7-inch scoring machine, paced the Vikings to the win. He pitched in nine field goals and added 12 charity tosses for his 30 point total, nearly half of the production of his squad.

Only a junior, Lambert holds the Teays Valley scoring record. He is playing his second year of varsity basketball.

It was a real team effort for the Vikings. Ed McCord and Neil Fosnaugh notched nine

points each. Mark Brinker and Larry Dixon had eight and six respectively and did a good job of rebounding. Don Beil scored four.

Many Viking fans termed the play of the Teays Valley team the best of the season.

For Logan Elm, Royce Woolever was the scoring leader. Woolever had nine buckets from the field and six at the charity stripe for 24. Danny Fausnaugh scored 15 points.

Dennis Karshner and Danny Ankrum had seven each, D. J. Humphrey scored eight and K. C. Jones two.

Two Teays Valley players fouled out — Brinker and Lambert. The Vikings committed 20 personal fouls. Logan Elm was charged with 18 personal fouls by the officials.

THE Braves had 13 chances at the charity stripe, making 23 for a 74 per cent average. Teays Valley had 27 shots from the line, converting 20 for an 81 per cent average.

Logan Elm made 20 of 56 shots from the field. Teays Valley sank 22 of 58 attempts.

The reserve game was every bit as exciting as the varsity tilt. Bob Tucker scored the winning bucket with eight seconds to go giving the little Vikings a 50-49 victory. Tucker had a total of 12 points in the game.

Greg Fouch notched 16 for the little Braves. The Logan Elm varsity now has a 10-5 record. Teays Valley has won eight and lost seven.

Logan Elm ends its regular season this weekend, traveling

to Southeastern Friday and hosting Bishop Faget Saturday. Teays Valley is at Westfall Friday and hosts Waverly Saturday.

Boston Bruins

Bop Detroit, 4-2

By HAL BOCK
Associated Press Sports Writer

Have the Boston Bruins forgotten how to lose?

Once experts at the fine art of taking it on the chin, the boisterous Bruins have stormed into a six-point lead in the National Hockey League's East Division with an unbeaten string of 17 games that is approaching record proportions.

The Bruins' latest victory was a 4-2 triumph over Detroit Sunday night. In other action, New York pounded Pittsburgh 7-3, St. Louis stung Toronto 5-3, Montreal bopped Chicago 6-4 and Minnesota shaded Philadelphia 3-2.

Buffalo Bisons Win

BUFFALO, N.Y. (AP) — Wayne Rivers scored twice to pace the Buffalo Bisons to a 5-1 victory over the Cleveland Barons Sunday night in an American Hockey League game.

SHUFFLING OFF TO BUFFALO — O. J. Simpson, the All-American backfield star at USC, takes it easy in San Francisco with his two-month-old daughter Arnelle after he was selected No. 1 by Buffalo of the AFL in the pro football draft in New York. Simpson is expecting to ask for big \$\$\$.

Waite Hoyt, Stan Coveleski In Baseball Hall Of Fame

By DICK COUCH

Associated Press Sports Writer

NEW YORK (AP) — The gates of baseball's Hall of Fame have swung open for the second time in two weeks... welcoming two old-time American League pitchers alongside two latter-day National League sluggers.

Waite Hoyt and Stanley Coveleski, contemporary right-handers in the 1920s, were elected to the Cooperstown, N.Y., shrine Sunday by unanimous vote of a 12-man veterans committee headed by former Commissioner Ford C. Frick.

Two weeks ago, Stan Musial and Roy Campanella topped the ballot in the Baseball Writers Association of America's regular yearly poll.

"It's the pinnacle of all I've dreamed and hoped for," said the 69-year-old Hoyt, a pitching ace for the New York Yankees

in the Ruthian era, when told of his election in Clearwater, Fla., where he's vacationing.

"We're going in with some good company in Musial and Campanella. I'm very happy about that."

Coveleski, 78, a Cleveland World Series hero in 1920 and one of the game's premier spitball artists, appeared to take the news in stride when contacted at his South Bend, Ind., home. "I should have been in that quite a long time ago," he said. "I figured I'd get in sooner or later, and just kept hoping each year would be the one."

Hoyt compiled a 237-182 won-loss record in 20 major league seasons, 10 of them with the Yanks beginning in 1921. Coveleski, a four-time 20-game winner with the Indians, was 216-142 in a 13-year major league career that ended in 1928 with the Yankees.

Putting you first, keeps us first. '69 Camaro Sport Coupe, "The Hugger"

Most of the cars that are competitive with Chevros are clamoring for you to buy them now.

Big deal. (You hope.)

Chevrolet offers something even better than hope. Many popular items are priced less than a year ago. Such as Powerglide and large V8's. Head restraints are now standard. New advanced-design power disc brakes are priced over a third less than our power disc brakes were last year.

So we're offering a '69 Camaro Sport Coupe for less

money than last year.

\$147.00* less if you equip it with the new 350-cu.-in. 250-hp V8 (as compared with last year's 327-cu.-in. 275-hp Eight), the Powerglide and power disc brakes, whitewalls and wheel covers.

Help us deflate inflation.

Show up at your Chevrolet dealer's Showdown. You'll win.

*Based on manufacturer's suggested retail price, including federal excise tax and suggested dealer new car preparation charge.

COLUMBUS

SPORTS VACATION and TRAVEL SHOW

OSU To Seek Revenge On Purdue

By THE ASSOCIATED PRESS. Ohio State gave up the Big Ten basketball lead to Purdue Saturday, but the Buckeyes are not through yet and are eyeing another shot at the Boilermakers—this time at home—on Feb. 11.

"It's not over yet," said Coach Fred Taylor after the 95-85 overtime loss.

It was the Buckeyes' first conference defeat. The Bucks now are 4-1 and Purdue 4-0.

Taylor said the last seconds of regulation play told the story.

With the score 83-83 and 10 seconds left to play, Ohio State called time out to set up a play. The play worked but the shot didn't go in.

"I really think it took the starch out of us when we didn't score," Taylor said. "We went to pieces in the overtime."

New Mexico Lobos Edge Arch Rivals

By DICK COUCH Associated Press Sports Writer. The littlest Lobo wears No. 00 on his basketball shirt... and stands 10 feet tall in New Mexico today.

Petie Gibson, a 5-foot-8 sophomore, pumped in a 30-foot jump shot at the buzzer last Saturday at Albuquerque, giving the Lobos a 68-66 triumph over arch rival New Mexico State.

It was the pint-sized playmaker's only field goal in the game, but it completed a two-game-in-four days sweep for New Mexico over the eighth-ranked, previously unbeaten Aggies. The Lobos won 86-66 Wednesday on State's Las Cruces court.

Top-ranked UCLA continued to roll up winning numbers, smashing Stanford 98-61 Saturday night after a 109-74 romp over California Friday night. The Bruins have won 32 in a row, including 16 this season, 36 straight in Pacific 8 Conference play and 80 in succession on their home court.

UCLA and third-ranked Santa Clara, idle last weekend, are the only unbeaten major college powers.

No. 2 North Carolina boosted its season mark to 14-1 with a 107-87 conquest of Maryland, but fourth-ranked Davidson fell to Iowa 76-61 at Chicago.

No. 5 Kentucky beat Vanderbilt 103-89. No. 6 St. John's, N.Y., topped Temple 65-49. No. 7 Illinois trimmed Wisconsin 86-73 and No. 9 LaSalle clobbered New Orleans Loyola 102-65 in other Saturday action.

Gibson, smallest man ever to play for Chicago Bob King at New Mexico, swept the Lobos to their 13th victory in 19 games with a high-arching shot that dropped cleanly through the cords as the clock ran out.

"I've got a bruise on the side of my ribs where Coach King hit me as he jumped up saying, 'It's going in,'" said Lobos assistant coach Norm Ellenberg. "I've got a few bruises, too," said Gibson, a grandson of former semipro baseball great Josh Gibson, who was half-carried, half-dragged from the court by New Mexico fans after the winning shot.

Lew Alcindor scored 27 points for UCLA against Stanford as the Bruins tightened their hold on the Pacific 8 lead. Bill Buntin's 30 points and 12 rebounds paced North Carolina's attack and Glenn Iovovic hit for 23 to trigger Iowa's upset of Davidson.

Dan Issel and Mike Casey led Kentucky past Vanderbilt with 28 and 24 points, respectively, and Joe DePre's 16 kept St. John's rolling against Temple.

Soph Greg Jackson put in 21 of his 36 points in the second half, leading Illinois past Wisconsin, and LaSalle buried Loyola after running off 17 successive first half points for a 35-17 bulge.

Purdue grabbed the Big Ten Conference lead with a 4-0 mark by subduing Ohio State 95-85 in overtime. The Buckeyes and Iowa are 4-1, Illinois 3-2 in league play.

Tulsa reeled off its eighth straight victory in the Missouri Valley Conference, whipping Wichita State 94-69 for a 16-2 over-all mark.

Kansas handed Colorado its first Big Eight Conference loss, 80-70, and the Buffalos' troubles were compounded Sunday when 7-foot-2 Ron Smith was declared scholastically ineligible.

Purdue vaulted into the lead in the overtime, while Ohio State scored only one basket, those points coming in the closing seconds of the period. The Bucks had two baskets taken away, the ball stolen and were called for traveling during the five minutes.

OU held Rick Mount, the Big Ten's scoring leader with a 34.7 conference average, to 20 points, his lowest output of the season. The Buckeyes' Dave Sornson, second leading scorer in the Big Ten, had a game-high 30 points.

In other Ohio college basketball action Saturday:

Miami maintained its hold on first place in the Mid-American Conference by edging Kent State 47-45. A 15-foot jump shot and a free throw by Frank Lukacs in

the last 28 seconds gave the Redskins the win. Western Michigan moved up a notch on the MAC ladder by outlasting Bowling Green 88-87 in double overtime. The Broncos were trailing by three points late in the second overtime period, but won the game on two free throws by John Heft and a layup set up by a steal.

Ohio University rapped Marshall 110-94 to shove the Thundering Herd even deeper into the MAC cellar with a 1-4 record. The Bobcats are 5-2 in league action and alone in second place.

Steve Mix had a game-high 29 points as Toledo clobbered Virginia Tech 105-76 in a non-conference tilt. Coach Bob Nichols cleared the Rockets' bench in the first half as Toledo built up a 23-point lead by intermission.

Cincinnati ran over St. Louis 96-72 for the Bearcats' fourth straight win and fifth in Missouri Valley Conference action. Rick Roberson led scorers with 27 points for Cincinnati. Dayton contained Niagara's heralded Calvin Murphy in rolling to an easy 100-70 victory. Murphy, the nation's No. 2 major college scorer, was held to 24 points, well below his 34-point average.

Wittenberg increased its Ohio Conference lead by downing second-place Muskingum 60-44. Elsewhere in the OC loop, Baldwin-Wallace bombed Marietta 100-81, Capital dropped Mount Union 71-57, and Hiram edged Otterbein 62-61.

In other games, Centre, Ky., beat Kenyon 113-103, Findlay outlasted Urbana 99-93 in double overtime, Transylvania rapped Ohio Wesleyan 79-63, Central 69-49, Michigan Lutheran down-

ed Youngstown 73-59, Akron posted a 63-55 victory over Wooster, Ashland clobbered Cleveland State 67-40, Carnegie-Mellon slipped by Case 94-91, Earlham outscored Wilmington 104-93, Cedarville upended Walsh 98-52, and Allegheny defeated Oberlin 68-54.

SPORTS Highlights

SAN DIEGO (AP) — Jack Nicklaus has won all of the major golf tournaments in the world, but there was a special something in his victory in the \$150,000 Andy Williams San Diego Open Sunday.

A little wide-eyed at all the post-tournament excitement and press interviews were his two handsome youngsters, Steven, 5, and Jack, 7.

Barbara, Jack's pretty wife, explained: "This is the first time they were present when Jack won a tournament."

NEW YORK (AP) — It was a tough break for Doyle Baird but a lucky one for Andy Heilman.

An arm and back injury forced Baird, of Akron, Ohio, to pull out of the Madison Square Garden 10-rounder with Emile Griffith and instead Heilman, of Fargo, N.D., will get the \$7,500 purse for taking on the former welterweight and middleweight champion tonight. Griffith will earn \$10,000.

COLUMBUS, Ohio (AP) — The Ft. Wayne Komets, paced by Bob Baird's three goal "hat trick," clobbered the Columbus Checkers 10-2 Sunday in an International Hockey League game.

PARIS PEACE TALK FACES

HENRY CABOT LODGE, chief U.S. negotiator, wears a look of optimism as he arrives at International Conference Center.

A SOUTH VIETNAM negotiator, Pham Dang Lam (left) waves to bystanders before another plenary session begins.

CBC Offers Class In Sunday School Administration

The Circleville Bible College, in cooperation with the Denominational Sunday School Board of the Churches of Christ in Christian Union, launches on a new venture in Christian Education tonight.

The college is starting a nine-

week course in the Techniques of Sunday School Administration at the new campus church-chapel on the Lancaster Pike.

Double sessions each evening from 7:30 - 9:20 will feature not only college instructors, but persons experienced in a number of areas of Christian Education administration, promotion, record keeping and follow-up, teaching methods, lesson preparation, audio-visuals and other matters pertinent to the Sunday School will come under observation.

A modest registration fee, part of which will be refunded to those who attend all sessions, places this opportunity within the reach of many. Some Sunday Schools are subsidizing the attendance of their staff, many of whom will be coming from out of town churches. Anyone interested in the work of the Sunday School is welcome to register and will find a wealth of material that can be put to practical use in the local situation.

More information regarding class topics and class schedules may be obtained by calling 474-6759, 474-4977 or at the new campus church-chapel on the Lancaster Pike.

The college continues to serve the community by offering on Monday evenings at the Ohio Street location courses such as accounting and a Bible course in Corinthians and the Thessalonians. Registration is still open in these courses.

Eventually the entire college operation will be transferred to the new campus on the Lancaster Pike, now in the process of development. Meanwhile college operations continue on Ohio Street with a student body of close to 200 registered for the second semester.

Grange Officers Meeting Called

Pickaway County Grange Deputies, Paul Dunkle and Joan Dawson, are announcing a meeting of all officers in the granges of Pickaway County. This meeting will be held 2 p.m. Sunday at the grange building on the fairgrounds.

The meeting is being held in order to plan all grange activities for the current Grange Year. At this time dates will be set for annual inspections of each Grange and officers will discuss needed projects and plans for the upcoming state youth drill finals to be held in March at Teays Valley High School.

All officers are urged to attend this meeting.

Israeli . . .

(Continued from Page 1)
three-hour riot involving 4,000 girls. The girls were protesting the jailing of three Gaza women convicted by an Israeli court of spying and aiding guerrillas.

The girls spat, tussled with troops and tore down mud and stone walls outside five schools to throw pieces of them at the soldiers. While Arab men watched quietly, they brandished pictures of Egyptian President Gamal Abdel Nasser and yelled: "Nasser! Nasser! Israel is black! Palestine! Palestine!"

Newsweek magazine reported Nasser has made a six-point proposal for peace with Israel and hinted he might agree to talk directly with the Israelis. Nasser told the magazine the Arab states would agree to a five-point program if Israel would withdraw from the territory it seized from Jordan, Egypt and Syria in the 1967 war. Nasser offered a declaration of nonbelligerence, freedom of navigation on international waterways, recognition of each Middle East country's right to live in peace, a guarantee of territorial integrity within "recognized and secure borders" and a just solution to the Palestine refugee problem.

Nasser's offer followed the lines of the U.N. Security Council's November 1967 resolution on the Middle East. But Israel refuses to give up the Arab territories its chief bargaining card—until it has formal peace agreements with the Arab nations and until it negotiates what it considers "recognized and secure borders."

Rhodes Sets State Talk Wednesday

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes will deliver his State of the State message to the Legislature at 10 a.m. Wednesday.

Details have not been released, but the governor is expected to outline several programs he believes should be completed in the final two years of his term.

The major item on the agenda is expected to be education, with emphasis on a wide-ranging program of vocational and technical training.

Rhodes is also expected to propose that the state enter a public housing field for the first time.

Proposals for water pollution control and conservation of natural resources will probably also receive emphasis.

The speech marks the first time a governor has given his state of the state message at a morning legislative session.

Scattered Viet Battlefield Action Reported

SAIGON (AP) — Viet Cong troops firing from ambush along the banks of a canal cut into two South Vietnamese companies in the Mekong Delta, killed 28 of the government soldiers, and wounded another 15, military spokesmen reported today.

Viet Cong casualties were not known.

It was one of the worst setbacks suffered recently by the South Vietnamese army.

The ambush 60 miles southwest of Saigon was one of a half dozen fights that flared up Sunday to the south and northwest of the capital. U.S. officers said the fighting indicated "a lot of enemy movement" but no real threat to Saigon.

U.S. and South Vietnamese forces reported killing 160 Viet Cong and North Vietnamese in the fighting that ranged from 60 miles southwest of Saigon to 37 miles northwest of the capital. Eleven Americans and 31 South Vietnamese were reported killed, and 43 Americans and 30 South Vietnamese wounded.

It was one of the heaviest days of action since mid-December.

The worst U.S. casualties were inflicted on troops of the 199th Light Infantry Brigade. They suffered six dead and 20 wounded while trying to root out enemy forces hidden in bunkers along a river bank 22 miles northwest of Saigon and five miles from the headquarters of the U.S. 25th Infantry Division at Cu Chi.

Initial reports said about 100 soldiers from the 199th tangled with an enemy squad of perhaps a dozen soldiers, but later accounts said up to 150 enemy troops were committed at the height of the day-long battle. About 300 U.S. infantry reinforcements, an armored column, dive bombers and helicopter gunships battered the enemy until contact was broken at nightfall.

Thirty bodies were counted on the battlefield by noon today. Dive bombers attacking the enemy positions touched off 27 secondary explosions, indicating direct hits on ammunition stores. About 17 miles to the northwest, an armored column from the U.S. 25th Division smashed into an estimated 150 North Vietnamese troops and killed 42 with the aid of fighter-bombers from four different bases. Three Americans were killed and 18 wounded.

The U.S. Command announced the conclusion of two year-long operations in the central highlands near An Khe and along the coastal plain near

Bong Son conducted by paratroopers from the 173rd Airborne Brigade. The command said 1,201 enemy were killed in Operation Walker and Operation Cochise Green, at a cost of 186 U.S. soldiers killed and 1,183 wounded.

In the air war, U.S. B52 bombers dropped more than 1,000 tons of explosives Sunday and today on what the U.S. Command said were enemy base camps, supply and storage areas, weapons positions and bunkers from the demilitarized zone to the Mekong Delta. The closest strike to Saigon was 43 miles away.

Spokesmen said South Vietnamese troops sweeping an area 14 miles southwest of Can Tho in the delta found 55 enemy soldiers buried in graves. "The enemy were believed killed by B52 missions concentrated in this general area on Jan. 30," a U.S. communiqué said.

One U.S. source described recent enemy movements around

U. S. Playing Card, headquartered in suburban Norwood, was founded in 1894 and recorded \$21.04 million in sales for 1967. Diamond International owns the U.S. Printing & Lithographing Co. and the Heekin Can Co., both based here.

According to one report, combined sales of the two merging firms would approach \$500 million annually.

CINCINNATI (AP) — The Roman Catholic archbishop of Cincinnati Sunday rejected a proposal calling for abolition of customary money offerings to priests and said such a change could come about only with approval from the Vatican.

The 70 members of the Association of Cincinnati Priests had asked that the age-old religious custom of Mass stipends and stole fees be abolished.

A stipend is a money offering to a priest who says a Mass for a donor's special intention. Stole fees are offerings given to priests when they officiate at baptisms, weddings and funerals.

In announcing his disapproval, the Most Rev. Karl J. Alter said, "This does not mean that the subject could not be given consideration by the pontifical commission and that in consequence there might be some change in the future."

He said the association represented a minority of priests in the Cincinnati area.

Clay Shaw Trial Resumes Today

NEW ORLEANS (AP) — The prosecution and the defense had a fresh list of 150 names today to tap for two alternate jurors for the presidential assassination conspiracy trial of Clay L. Shaw.

Both sides finally agreed on a jury of 12 men Saturday, then failed to agree on the alternates.

Asst. Dist. Atty. James Alcock, the No. 2 man in Dist. Atty. Jim Garrison's probe of an alleged New Orleans-based conspiracy to assassinate President John F. Kennedy, said he hoped to make his opening remarks on Tuesday.

Cincy Firms Slate Merger

CINCINNATI (AP) — The United States Playing Card Co. will merge shortly with the Diamond International Corp. in a stock exchange involving more than \$70 million, officials of both companies said Sunday.

Details of the merger are to be announced later at a shareholder's meeting here.

U. S. Playing Card, headquartered in suburban Norwood, was founded in 1894 and recorded \$21.04 million in sales for 1967. Diamond International owns the U.S. Printing & Lithographing Co. and the Heekin Can Co., both based here.

According to one report, combined sales of the two merging firms would approach \$500 million annually.

NEW POLYGLAS TIRE FIGHTS SQUIRM

...Gives up to DOUBLE THE MILEAGE OF OUR BEST SELLING TIRES!

Priced as low as...

\$34.95

870-16 tubular white or red. Sizes to fit most cars in stock now.

Two piles of giant-size "Vytacord" Polyester Cord

For the smooth, no-thump ride of rayon combined with the strength and durability of nylon. Vytacord — polyester cord specifically developed for tires.

Two belts of Fiberglass Cord

Holds the tread firm on the road...resists squirm...reduces rub-off wear...improves mileage. Pound for pound, fiberglass is stronger than steel—extra protection against bruise damage in the crown area.

Low Profile Design

Utilizes the same type low, broad characteristics of racing tires to produce greater stability and better steering control in the turns and on curves.

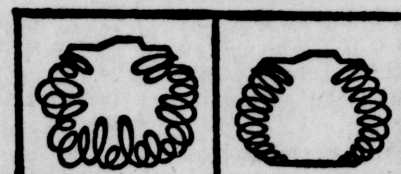

Wider Tread

Up to 2" wider than conventional tires—puts more rubber on the road for sure-footed stops and starts on wet or dry pavements.

Improved "Tufsyn" Rubber

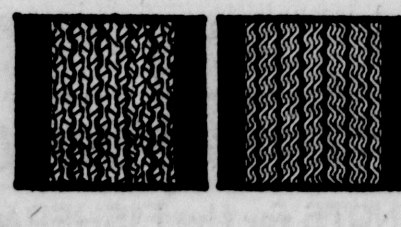

A new, improved, long-wearing Tufsyn rubber, toughest rubber Goodyear ever used in tires, adds stamina for mileage and maximum body strength.

Conventional tire parts flex under load. Tread squirms... rubs off like an eraser on paper.

The Polyglas tire sidewalls flex... but the belt piles hold the tread firm... less squirm—more mileage.

The tread of conventional tires tends to squeeze and close up under load. The gripping action of the tread loses its effectiveness.

The tread grooves of the Polyglas tire are more open... enabling the tread to grip better on wet or dry roads.

GOOD YEAR

Even when temperatures go down

No matter what kind of heat you have... it figures: The colder it gets outside, the more heat you use to warm the inside. So your heating bills will be somewhat higher as a result of the cold snap.

But for people who depend on modern gas heat, there's always a bright side. Clean, dependable natural gas is still the most economical fuel for heating... by far! Gas-heated households enjoy unmatched heating efficiency, comfort and convenience—no matter how cold it gets outside. It's a comforting thought for a long winter's night.

...there's still a bright side with Gas Heat!
